Easter Services To Be Held In County Churches; Presbyterian Cantata Tonte

STAR OF THE SEA CATHOLIC

Easter 1947 will be identified with the opening of the summer program with three masses instead of two. These masses will be held on Easter and until the Fall at 8:30, 10:30 and 11:15.

The senior choir will sing at the 10:15 mass. The junior choir will sing at the 11:15 mass and the music will be in keeping with the gladness of the Resurrection.

Father Columban, O. S. B., will say the 8:15 mass, and the pastor, the Rev. Philip P. Brennan, will officiate at the 10:15 and 11:15 masses. The subject of the pastor will be, "The Historical Truth of the Resurrection." The abundance of lilies and cut flowers was made possible by the members of the congregation.

Priests from the Barry-Robinson Home for Boys will assist the pastor every Sunday henceforth.

LONDON BRIDGE BAPTIST CHURCH

Services of the London Bridge Baptist Church are being held in the auditorium of the Oceana High School until their church is rebuilt. The Rev. John F. Stone, pastor, announces that special Easter music will be rendered at both services and he will deliver an Easter message.

VIRGINIA BEACH METHODIST

The Rev. Robert Forrest, pastor, will preach at both services Easter Sunday and the choir will render special music.

Book Review and Woman's Club To Meet Tuesday

The Princess Anne Woman's Club will meet Tuesday at the Essex House for luncheon at noon. Prior to the luncheon Mrs. Harold Cook will review John Marquand's "B. F.'s Daughter" for the book club which meets at eleven o'clock.

Mrs. Irvin Upson, Art Chairman, will display outstanding photographs of Colonial Virginia buildings secured thru Extension Division of Va. Museum of Fine Arts, Richmond.

Following the business meeting, the American Home Dept. under Mrs. Kermit Lund will present a program of movies of laws and how to beautify homes shown by Mr. C. B. Mitchell of Princess Anne County.

Easter Hope and Courage

By the Rt. Rev. Henry Knox Sherill, D. D., LL. D.
Presiding Bishop of the Episcopal Church

The first Easter changed Defeat in Victory, Despair into the Proclamation of Good News—Cowardice into Heroism. This is not a matter of opinion, even a faith. It is a historic fact. The disciples, by their own account, at the time of the Crucifixion held that all was lost. Discouraged, saddened, they were on their way to take up life as best they could, when they had the overwhelming experience of the Living Christ. His transforming power sent them out into the ancient world as in domitable apostles of His Kingdom.

What a lesson for our day! There can be no minimizing the tragedy of our world. Man has wrought unimaginable destruction and suffering upon himself. We still fumble for the ways and means of recovery and of salvation. Many have lost faith in the possible goodness of men. Disillusionment and cynicism as well as despair are in the air.

Easter comes! He is risen! As this fact grips our lives we know that God lives and reigns, that in Christ He gives us the power to become sons of God. Hearts are brave again and arms are strong. Alleluia! With hope and courage we face the tasks of reconciliation and of rebuilding. The true disciple is he who can do all things through Christ who strengthens him. Perhaps the surest test of our faith is the ability by that Faith to overcome the world.

Beach To Have Symphony Orch. Girl Scout Troop In Final Concert Of W & M Series

The first meeting of the Princess Anne District Committee of the Virginia Tidewater Area Council of the Girl Scouts of America was held on Tuesday, March 25th, at the home of the chairman, Mrs. Gerald M. Rumble, at Virginia Beach.

The members of the committee presented completed registration papers and the committee was duly constituted and got down to work.

A training class for Scout leaders is to be held on Friday, April 11th, at 10:30 A. M., at the Virginia Beach U. S. O. Mrs. Henry A. Hedley will have charge of the course. Mrs. Hedley has just returned from National Bridge where she attended the conference held for the Training Course for Volunteer Leaders. All interested are urged to be present for this course.

The following Troops and Brownie Packs applications were approved by the committee: Intermediate Troops and Brownie Packs at Oceana, Virginia Beach and Chesapeake Beach; Intermediate Troops at Fort Story and Ocean Park.

A number of other communities are looking forward to completing arrangements for Troops and also Brownie Packs and Princess Anne District is ready off to a fine start.

OCEANA CIVIC LEAGUE

The Oceana Civic League meeting will be held on Wednesday night, April 9th at 8:00 p.m. in the Oceana High School Auditorium.

Election of officers for the new year will be held. Dr. T. Lea Brooks, president will preside at the meeting.

GALILEE AUXILIARY MEETS

The Woman's Auxiliary of the Galilee Episcopal Church will meet on Tuesday, April 8 at 11:00 a.m. in the Parish House.

Midget Auto Races To Start In County About May First

If the past midget racing season at the Richmond, Virginia, speedway is to be considered as a comparison, the Tidewater section will be the scene of the best midget automobile racing offered in the country today. According to A. J. Grey, president and general manager of Agrigade Park, Inc., the entire field which races every Wednesday night throughout the season on the quarter-mile asphalt speedway in Richmond will travel down to Norfolk and compete on the new Princess Anne track every Thursday night, starting May 1st.

Modern first class midget race cars with nationally known drivers will be the new deal for Tidewater fans. Midget auto racing, a sport developed solely by Americans for Americans, has grown from a squalling infant, playing to a handful of thousands in the late 30's, to an attendance of better than sixteen million in one season. Richmond, now the closest track to the Norfolk area, drew over 475,000 fans in eight nights of racing. This tremendous reception resulted in the erection of new steel grandstands to supplement the 11,000 concrete seats already in the Richmond stadium.

Adding more as needed, Agrigade Park will begin its initial racing season with 10,000 seats in its huge pre-fabricated grandstand. Thrills and spills will highlight the Agrigade asphalt with competing fields which will include the famous Hickey racing team of four drivers driven by stars Geo. Founder, of Lansdale, Pa., Shifty McAndrews, Allentown, Pa., Lew Volk, Paterson, N. J., and Larry Bloomer, of Philadelphia. This team won the high point standing at the Richmond speedway in 1945 after a close struggle with the competing teams of Earl Whitcomb, also of Allentown, whose son, Charley Hickey, driving an "Elto Special," won most of the races last year, and the Atlantic team of Philadelphia, Pa., whose drivers, Mike Joseph and Len Dunham, are famous for their 100 mile race in the national championships held at the Trenton track last year.

This season it is expected that many of the nation's best pilots who have been driving big cars in the past will try to master this latest of sports on Tidewater's first circuit at Agrigade. Local business men have already begun sponsoring and purchasing midget race cars for the new track.

Slimman E. Reed, midget race promoter handling circuits in Baltimore, Alexandria, Richmond and New York, will keep the Tidewater area well supplied in top-notch competition.

The huge 42-acre outdoor sports center represents an initial investment of \$100,000 by local business men.

KLINE TO BE RING MASTER AT CAVALIER SADDLE CLUB SHOW

Entries are coming for the first horse show of the season to be staged at the Cavalier Saddle Club under the direction of Kitty and Dick Powell, managers.

Events will get under way at 10:30 A. M., Sunday, April 13th, and will consist of 17 classes to be announced by Irving Cline of Norfolk. James Carney, also of Norfolk, will be the ring master.

Among the entries received to date are Nancy Lee Huffman, 4 years, of Newport News; Joyce Heberlin, of Lynnhaven; Henry and Stanley Wilson, of Hampton; John Leitch, owner of the Restmere Riding Academy, in Norfolk, who will show 4 horses, and, from

the Beach, Billy Haycox, Kath Wilder and Dick Powell, Jr., son of Mr. and Mrs. Powell, operators of the Cavalier Saddle Club.

The schedule for the day will begin at 10:30 A. M. with the showing of five-gaited pleasure horses, Class II, to be judged for conformation, style, behavior and way of going.

Trail horses, Class I, of the hunter division, will follow this event at 10:45 and will be judged on the same points as the five-gaited pleasure horses. At 11:00 a class for riders under 15 years of age will be featured. At 11:15 A. M. three gaited pleasure horses, Class 3, will be judged.

Hunter hacks, Class 2, will be shown in the ring at a walk, trot and canter, and will jump two 3 ft. foot jumps at 11:40 A. M.

The final event of the morning will be the showing at noon of the Class 9, three-gaited saddle horses.

Following an intermission, the afternoon program will begin at 3:30 P. M. with the showing of open jumpers, Class 6, with jumps to start at 4 feet, and to be raised in case of a tie. There will be 8 jumps in the ring. Performance only will count, with 3 money awards and a ribbon.

Five-gaited saddle horses, Class 13, will follow at 3:50 P. M. Horses that have never won a blue ribbon will be judged for conformation, style, manners, soundness and way of going. Awards will be a trophy and 4 ribbons.

Handicap hunters, Class 3, will be featured at 3:10 P. M., showing horses that have never won a blue ribbon in a Hunter class jumping four 3 ft. foot jumps in the ring and horses that have won a blue ribbon in this class to perform four 4 foot jumps in the ring. Performance is rated 75 per cent, conformation 25 per cent. A trophy and 4 ribbons will be presented.

A horseman's class, Class 15, will follow for riders 13 to 21 years of age.

Class 5, ladies' hunters, will be shown over four 3 ft. foot jumps in the ring at 2:50 P. M., to be judged on performance, manners and way of going 75 per cent, conformation 25 per cent. Emphasis will be on manners. At 3:10 P. M. a "musical chair" will be featured.

Knockdown and out, Class 7, will start at 3:30 P. M., with jumps to start at 4 feet and to be raised in case of a tie. To show in ring over 2 jumps, winner is the horse clearing most obstacles without knockdown. Two refusals will be allowed each horse at each height of jump.

Harness Class The combination of harness class, Class 16, will be shown at 3:30 P. M., first to a suitable four-wheel vehicle at the trot and walk, then under saddle at the walk, trot and canter, to be judged 50 per cent as a harness horse and 50 per cent as a saddle horse.

Open hunters, Class 4, will be shown over eight 4 foot jumps in the ring at 4:10 P. M., graded for performance 75 per cent, conformation 25 per cent. Money awards and a ribbon will be presented.

Three-gaited saddle horses, Class 10, championship, will be judged on style, manners, way, conformation, soundness and type of going at 4:30 P. M., with money awards and a ribbon. At 4:50 P. M. five gaited saddle horses, championship, will be judged for style, conformation, manners, soundness and way of going with cash awards and a ribbon.

Championship and Reserve ribbons will be awarded in the Hunter Division based on points won in Class 4 at full value, in class 3 at full value over 4 foot jumps and one-half value over jumps under 4 feet, and at one-half value in Class 5.

Championship and Reserve ribbons will be awarded in the jump division based on points won in classes 6 and 7.

Ribbons will be awarded in all classes. Four classes will receive cash prizes and ribbons and other classes will receive trophies and ribbons. Following is a list of trophies and ribbons to be awarded.

T. B. Association To Elect Officers At Annual Meet

The annual meeting of the Princess Anne Tuberculosis Association will be held in the assembly room of the First Presbyterian Church at 11:00 A. M. on Thursday, April 10th.

Mrs. E. M. Hardy, president, is desirous of a full attendance as there will be an election of officers for the coming year, presentation of the budget and planning the program for the year's work. Reports will be heard from all committees.

X-Ray Clinics

Mrs. Frances Brickhouse, executive secretary of the association, reports the extreme interest shown in the X-ray clinics which have been conducted in the county twice a month for the past year, with an average attendance of 100 patients. She also reports that more than 3,000 people took advantage of the free examination.

The clinic will be conducted at East Ocean View on April 17th in the Civil Club and afternoon and evening hours will be inaugurated for those who are not able to attend the morning hour clinic.

Mrs. Brickhouse will give the X-rays from 3 to 6 P. M. and from 7 to 9:30 P. M.

The same hours will be observed at Virginia Beach in the Health Center on May 1st. Mrs. Brickhouse says that for the time being these two locations will be the only night hours observed.

SIDNEY FAIR ON CRUISE

Sidney Thomas Paill, Bremen, first class, son of Rufus P. Paill, of 306 17th Street, is serving aboard the heavy cruiser USS Rochester.

Paill entered the Naval service in September, 1944, and received his recruit training at the Naval Training Center, Bainbridge, Md.

He is now on the USS Rochester, which is on a cruise to Europe.

"THE VOICE of a majority,

ment does not insure good gov-
ernment except it be the voice
of a well informed and well in-
tentioned people."

IT'S NO WITCH HUNT

Former Ambassador to Russia,
William C. Bullitt, told a Commit-
tee of Congress that the Commu-
nist party in the United States is a
fifth-column "far superior to
any fifth-column Hitler was ever
able to create, designed to weaken
its country for the ultimate at-
tack the Soviet Government in-
tends to make on the United
States." He declared that it Rus-
sians, and not this country, had the
atomic bomb "it would already
have been dropped on the United
States."

As the record stands the Soviet
Government has been conspicuous
in filling the records with abuse
and criticism. President Truman's
position in taking the offensive is
supported by Congress, regardless
of political parties. The relations
between the United States and
Russia must be regarded as crit-
ical.

American Communists opened a
smear campaign against J. Edgar
Hoover and the Federal Bureau
of Investigation. That scheme did
not work because there is no man
in public life, and no branch of
government that ranks higher
than Mr. Hoover and his Bureau.
He will locate the American Com-
munists employed in the Federal
Government, and they will be fir-
ed. The investigation is absolutely
necessary. And this is no Witch
Hunt!

WHAT, MORE STRIKES?

After remaining out on strike
for 336 days the labor union mem-
bers finally went back to work in
the Allis-Chalmers plant at Mil-
waukee without a new contract,
and the president of the union
proudly that he would not "sign
a sweetheart agreement." That boy
will wake up to the fact before
long that the employing company
won that nasty strike. John L.
Lewis and his coal miners were
furnished in the right way by the
courts, and they surrendered. The
National Federation of Telephone
Workers threaten to strike, but if
they do strike it will be against
the American public and that is
undisputed.

Don't get the idea that this
Congress is going to back down
and pass weak, pussy-foot labor
laws. Bills in both Houses of Con-
gress exclude Communists.

The rights of the courts have
been established very definitely in
the case of Lewis and his miners.
That is a big forward step. The
new House bill furnishes a defini-
tion of unfair labor practices by
name, including promiscuous pic-
nicking which would "beat the
hounds of an individual." This one
measure puts the spot on "unfair-
ness" union activities, including the
sympathy strike.

The American public is going
to win! Restrictions are certain to
slow down strikes. Don't guess
wrong: Congress is taking the bull
by the horns.

Angry Father: "What do
you mean by bringing my
daughter home at 4 o'clock in
the morning?"

He: "Well, you see, sir, I
have to be at work by 7."

READING & WRITING

BY Edwin Seaver and Robin McKinn

In 1944, when Denmark was still Nazi-occupied territory, the
Danes were reading a remarkable new novel titled "The Angelic
Avengers." But nobody had ever heard of the author—Pierre An-
drezel—before.

The novel was notable, not only because of its superlative literary
quality. Patriotic Danes quickly realized that here, thinly veiled, was far
more than an enchanting narrative of adventure, mystery and young love.
This story was also a daring and complete condemnation of the
conquerors in whose power Denmark then lay helpless.

Whether or not the Nazis saw what was so clear to everybody else,
they did nothing. Perhaps because banning the author would have been
a confession that they recognized themselves in this picture of those
who do evil for evil's sake.

Now the Book-of-the-Month Club has made "The Angelic Avengers"
a selection for January, along with Eric Hodgins' "Mr. Blandings
Builds His Dream House." The Club reports that Pierre Andrezel is
not the author's real name. At the time of publication he—or she—had
to hide his identity; the anonymity is still retained. It is generally
agreed, however, that "Pierre Andrezel" is a writer of great renown
and it is likely that the secret will soon be revealed.

David L. Cole, author of "Point of
Departure," tells this one about the
famous English outburst of expression. It
seemed two Englishmen were visiting
Naples, Italy. One of them deeply
moved by the great terror of falling
waters, turned to his companion and said
"Not bad," His friend replied, "Don't
go, Hayter."

Stephen Leacock told this story as an example of cynical humor that
wasn't quite his style. It had to do with a
Scotchman who had a sister-in-law
with whom he could never agree. In spite
of his wife's entreaties, he always refused
to go anywhere with her. The wife was
taken mortally ill, and as she lay dying
she whispered, "John, ye'll drive Janet
with you to the funeral, will ye no?" The
Scotchman after an internal struggle, an-
swered, "Margaret, I'll do it for you, but
it'll spoil my day."

CUBA GETS THE BREAK ON SUGAR

The published statement that
sugar from Cuba has saved the
people of the United States \$81-
600,000 less than the cost of do-
mestic sugar produced on our own
soil, seems to be an explanation
that doesn't explain.

Nobody needs to be told that
the rationing of sugar plus fid-
dling with coupons, has been one
of the most annoying "small stuff"
of wartime years.

Cuban sugar is hooked up with
American capital—particularly in
the refinery end—and they have
crushed the United States market
for the past 40 years.

Of course everybody feels very
friendly to Cuba, but why turn
over backwards and freeze out
each sugar-producing state as
Louisiana and Florida; plus the
sugar-beet industry.

It would be very pleasant to
agree with the statement bala-
ancing Cuba but the United States
should produce its food on our
own soil.

EYE-BYE, GLAD TO SEE YOU GO

The OPA will long be remem-
bered as a big, bad headache of
war times, but it will go out of
business on June 30th, the date
set by President Truman. Evident-
ly rent and sugar controls will be
allowed to live and be adminis-
tered by other governmental agenc-
ies. All housing controls hereto-
fore administered by the Civilian
Production Administration will be
transferred to another government
agency, which will be expected to
treat carefully on the rights of
individual American citizens.

ginia, as Lots One (1), Two (2) and
Six (6), in Block Ten (10), Sec-
tion "B", Cape Henry, being a
part of the same property which
was conveyed to J. Edward Cole
by deed of Cape Henry Beach
Company, dated January 7, 1941,
and recorded in said Clerk's Office
in Deed Book 115, page 281; and
being a part of same property
which was devised to Ellen H. Cole
by will of J. Edward Cole, who
died on January 31, 1928, which
will be recorded in said Clerk's Of-
fice in Will Book 8, page 26.

Special Commissioner.

WACS STILL SERVE

From the peak strength of
160,000 on V-J Day, the Women's
Army Corps has demobilized until
at present there are 8,000 Wacs
on duty. These Wacs have volun-
teered for extended duty until
June, 1947, or for the duration and
six. Many are triple volunteers
for there are still scores who volun-
teered as members of the Women's
Army Auxiliary Corps, re-volun-
teered for the Women's Army
Corps when it became an integral
component, The Women's Army
Corps, and became triple volun-
teers on signing the "extended
duty" category.

Of the present strength, 2,572
are Wacs who have re-entered the
Corps after having been honorably
discharged. There are Wacs on
duty with the Armies of Occu-
pation in Germany and Japan. Ap-
proximately 2,500 are assigned to
seventeen installations in the
European Theatre. Over 500 ar-
with the forces in Japan.

The War Department has an-
nounced that legislation provid-
ing for the inclusion of women in the
Regular Army and the Organized
Reserve Corps soon will be pre-
sented to Congress. In asking for
approval of the plan, it has been
pointed out that women have
proved that their skills and train-
ing are potentials in helping to
solve the pressing personnel prob-
lems of this time, and that the in-
crease of time and money that charac-
terizes any project that must "start
from scratch" would be saved if a
nucleus of women were on hand
to provide for speedy and econom-
ical expansion in the event of any
national catastrophe.

A timid-looking little man
was being kidded by a group
of merry-makers at the club.
"What are you—a man or
a mouse?" asked a noisy fel-
low.

"A man, of course. My wife
is afraid of a mouse."

I certify that the bond required
by above decree has been given by
the Special Commissioner.

WILLIAM F. HUDGINS, Clerk

CHIEF OF STAFF'S ARMY WEEK MESSAGE

On this Army Day we commemorate the
valor and loyalty of free men who, in peace
and war through the centuries devoted
our history, served the United States that it
might stand strong and safe among the
nations of the world.

In the latest conflict, our soldiers, on the
ground and in the air, shoulder to shoulder
with their fellow Americans of the Navy and
our gallant allies, extended and enriched the
traditions their fathers and forefathers estab-
lished. Frequent in combat, accomplishing
with distinction every task given them, they
proved to the soldiers of today the mission
assigned by the American people—a secure
United States.

The millions and more men and women
of our army are instruments of America's
will for security and peace. Sustained by public confidence,
they will succeed true to the Army's proud traditions. They
reflect the spirit of our people, for the United States Army—
supported by the people and manned by their sons is a faithful
implement of our democracy.

COUNTY AGENT CHIN TELLS LOCAL GROWERS OF DISEASES

A comparatively new disease of sweet potatoes, "internal cork," has become widespread in most states south of Virginia, and potato growers here are warned against buying seed from those states, according to S. B. Fenne, plant pathologist for the Agricultural Extension Service. Internal cork, if it becomes established in the State, can cause serious damage to the sweet potato crop. It can be detected only by cutting the potato, which, if infected, will have woody black spots scattered through the flesh. The disease does not cause rot or bad taste, but is undesirable because of the hard, woody particles and the appearance when the cooked potato is cut open, said Fenne. The public is not generally aware of the disease because handlers bin potatoes infected with internal cork as unsaleable.

State growers who have purchased sweet potato seed from southern states within the last few years are urged to examine their potatoes for internal cork. Suspicious samples may be sent in for examination to the Agricultural Extension Service in Blacksburg, or to Dr. H. T. Cook, plant pathologist, Norfolk, Truck Experiment Station, Norfolk. Both

organizations want to do all that is possible to dispose of infected stocks this year, and start with uninfected seed. Good quality seed stocks that are free of internal cork are available in Virginia and are much safer than seed from out of the State, says Fenne.

Five Princess Anne farmers bought seed sweet potatoes from South Carolina for the 1946 crop and the internal cork disease has been found on each farm in sweet potatoes grown from this seed.

Porto Rico sweet potatoes found in Princess Anne County are as good as can be found in any other section, therefore, our sweet potato growers are urged to take the best of care of their own stock and refuse to use seed shipped in from any state south of Virginia. If we let this internal cork disease get into the county our sweet potato program will be upset.

AAA Certified As Agent for Foreign Travel

Motorists in Eastern Virginia planning to travel by automobile in Central and South American countries can obtain necessary travel documents. Hall Re-named—18 from the American Automobile Association through the Tidewater Automobile Association.

By formal action of the U. S. State Department, the AAA has been named as official issuing agency for the document provided for under the Inter-American motor agreement, officially known as the Convention on Regulation of Inter-American Automotive Traffic. This service will be available to both members and non-members of the club.

The Convention has been ratified by the U. S. and eight other countries: Brazil, Costa Rica, El Salvador, Guatemala, Nicaragua, Panama, Peru and the Dominican Republic. Under its terms, automobiles may circulate freely in each of these countries through an international automobile certificate and an international frigate, an international driving registration marker.

When Honduras ratifies the Convention, the U. S. motorist's reciprocity path will be cleared all the way to the Panama Canal—a matter that will become of considerable importance when the Pan American Highway is opened between the U. S. and the Canal, probably in 1948.

Safest Driver To Be Sought In Three Areas

Contests to select the safest and most courteous driver in each of the three metropolitan divisions of the Tidewater Automobile Association are being formulated as a result of the general board meeting February 27th at the Portsmouth Country Club.

Brought to the board's attention by Director Charles W. Johnston, of Portsmouth, the plan would provide for separate contests in the Peninsula, Norfolk City and Portsmouth-Norfolk County divisions of the club. As a committee to work out plans for the competition President G. Leslie Hall named Mr. Johnston, James W. Roberts, of Norfolk, and G. Alvin Massenburg, of Hampton.

As chairman of a committee which has been attempting to obtain lower gasoline prices in Eastern Virginia, Donald W. Shriver, of Norfolk, reported that "affine groundwork" has been laid and that although no further action should be taken at this time the committee should be continued.

The State Highway Commission will be asked to place signs along the highways—both at the state line and at intervals along roads—advising motorists that the "passing beam" is required of headlights at night when approaching vehicles. The proposal was made by Director Irving Kline, of Norfolk, who mentioned that such signs are displayed in other states.

Reporting on highway projects planned for the Suffolk district, District Highway Commissioner Sol Rawls, of Franklin, stated that bids were about to be asked (and now have) for the million-dollar triple-level overpass at the intersection of the military by-pass with the Norfolk & Western Railway tracks.

Bids are to be asked this month on the new Churchland Bridge and the widening of the Virginia Beach Boulevard from the Norfolk City limits to the Military By-Pass.

The board asked that high priority be given the widening of Route 13 (the Waterworks Road) from the traffic circle intersection with the by-pass to the waterworks.

CIRCUMSTANTIAL

A shapely young damsel overslept one morning and dashed madly down to the kitchen in her sheerest pajamas to gulp down some coffee. Suddenly she heard heavy footsteps on the back porch.

"The ice man," she thought, "I'd better hide in the closet." The footsteps did not stop at the ice box however, but approached the closet. The door opened. It was the man who came to read the electric meter, located there.

"Oh my goodness," she stammered, "I was expecting the ice man!"

"Lucky dog," replied the

4 High Schools Install Course in Driver Training

Four more high schools in eastern Virginia last month inaugurated courses in the co-operative driver training program designed by the American Automobile Association, bringing to eight the number of institutions offering the program.

Latest to install the instruction are the Kilmarnock and Whitestone high schools, in Lancaster County; Chase City High, in Mecklenburg County; and Callao High, in Northumberland County.

Incidentally, the first student to sign up for the course at Kilmarnock was the driver of the school bus—a student who realized that he still had a few things to learn about the fine points of operating a motor vehicle.

At Granby High, in Norfolk, and the South Norfolk High School—which established the courses last Fall—the second training period has begun, this time with a dual-control automobile at the disposal of the instructor. The students still receive home instructions from parents who are provided with specially prepared lesson sheets; and at the school they are given behind-the-wheel as well as theoretic training.

In addition to the schools mentioned above, others offering the training include Central High, in Accomack County, and LaCrosse High in Mecklenburg.

Driver Training Course Offered For Teachers

Virginia high school teachers will be given the opportunity this summer to undertake a special week's training in the teaching of automobile driving so that they may be better fitted to offer the instruction to pupils.

One course, lasting a week, already has been set up for the University of Richmond, beginning July 7; and plans are

under way for the establishment of similar courses in the Roanoke and Tidewater areas.

In addition to these, Norman Key, educational consultant for the American Automobile Association, will be in attendance at the State Board of Education's one-week workshop this summer at the Radford State Teachers College.

Talent Show To Aid School Band

The Music Committee of the Kemperville Parent Teacher Association will give a Talent Show for the benefit of the Kemperville Band. The show will take place in the school auditorium April 11 at 8 p.m. Trafton Robertson of W.T.A.R. will be Master of Ceremonies.

WRVA TO SEND EASTER MUSIC OVER NETWORK

An extensive schedule of special broadcasts, climaxed by a one-hour performance of Archibald MacLeish's "The Son of Man," first Passion Play for radio to be performed on a network, will climax Easter Week observances over WRVA, Richmond and the Columbia Broadcasting System Easter Sunday, April 6th.

The Passion Play, which will be heard from 1:30 to 2:30 P. M., embodies a dramatic arrangement of passages from the three Synoptic Gospels, Matthew, Mark and Luke and from the Gospel according to St. John.

Musical roles in the drama will be assumed by the CBS Symphony Orchestra and the Columbia Choral which will perform passages from Bach's St. Matthew Passion, St. John Passion and the B Minor Mass, under the baton of Robert Shaw. Guy della Cioppa will direct the production.

From 8:00 A. M. to 2:30 P. M., WRVA will offer an almost uninterrupted sequence of music, sermons and special Easter services representing many of the country's Christian denominations and geographic areas.

Details of the WRVA Easter observance schedule follows:

6:00 to 7:00 A. M.—Moravian Sunrise Service from Winston-Salem, N. C.

7:00 to 7:30 A. M.—Special Sunrise Service from the South Portico of the Capitol at Richmond. 7:30 to 8:00 A. M.—The Annual Knights Templar Easter Service from Arlington National Memorial Cemetery.

Each half-hour thereafter there is an Easter program of music from churches, including the 27th annual Easter Sunrise Service broadcast from the Garden of the Gods on the outskirts of Colorado Springs at 10:00 to 10:30 A. M., and the Salt Lake City Tabernacle Choir, from 1:00 to 1:30 P. M., followed by "The Son of Man," a Passion Play for radio.

Theatre Preview

At The Palace

Friday and Saturday, April 4th and 5th: "The Bowery," starring Wallace Berry, George Raft, Jackie Cooper and Fay Wray, will be the feature attraction. This is said to be "a rip-roaring comedy from start to finish." This film brilliantly recalls the famous rivalry that was the sensation of the notorious street in the "haughty nineties" between those colorful enemies, Chuck Connors and Steve Brodie.

Sunday, Monday and Tuesday: Mickey Rooney, Lewis Stone, Sara Haden and Bonita Granville will be seen in "Love Laughs At Andy Hardy."

This is America's favorite family in their first post-war picture. Andy is back in college with three girls to keep his mind off his studies. He learns a lot about love.

"Song of the South," the "epochal event in screen history," by Walt Disney, will come to the Bayne on Wednesday and Thursday, April 6th and 10th. This is Disney's first live-action feature in technicolor which includes tales of Uncle Remus, Eric Rolf, Ruth Warrick, Bobby Driscoll and James Bickett are starred in this great musical drama. "Song of the South," filmed in convincing Technicolor for its human originals and the performing cartoon characters alike, tells the story of a loveable family group and an old

Negro philosopher whose tales of quaint woodland animals point the moral of the story.

At The Roland

Friday and Saturday, April 4th and 5th: "High School Hero," starring Freddie Stewart, June Preisler and Ann Rooney, will be the opening part of the double-feature for the Roland. "Come on Cowboys," with Robert Livingston, Ray Corrigan and Max Terhune, will be the added attraction.

Another double-feature will follow on Sunday and Monday, April 6th and 7th: "Three on a Ticket," starring Hugh Beaumont, Cheryl Walker and "Range Beyond the Blue," starring Eddie Dean, Roscoe Ates and Helen Mowrey.

The final offering for the week will be "Binging in the Corn," Judy Canova, madcap hilariously queen of the screen, once again proves a top movie comedienne. The furballs when she tries to give a desert ghost town back to the Indians so that she may inherit \$250,000 under the terms of an extraordinary unorthodox will.

52 More Veterans From P. A. County Discharged

Fifty-two more Princess Anne County men, veterans of service in the armed forces during the war, have received honorable discharges.

Gladys King, clerk of Princess Anne County Local Board No. 1, listed the discharged veterans as follows:

Roland P. Collins, Charlie A. Burress, Jr., Darrell E. Poole, Robert A. Hawkins, Leslie J. Ruffin, Herbert R. Evans, John R. Lassiter, Jr., Arthur J. Bodnar, Wesley D. Payne, Casper E. Sorey.

Also Harold J. Olds, Jr., Merewether Winston, 3d, Robert I. Farrar, Jr., Matthew H. Denning,

Alfred B. Williams, Jr., Vernon Preston Hogg, Edna d T. Bell Jr., Charles P. Cumber, Newell B. Whitehurst, James E. Wood, Jr. Isaac B. Ewell.

Also Herbert A. Ward, Emerson L. Rice, Floyd Hudgins, William A. Wilson, Robert L. Parron, Alexander Moore, Charlie L. Wright, Jacob B. Hyman, Fred A. Haycock Jr., Robert A. Boerle.

Also William T. Alexander, Harvey L. Burgess, George Payton Jr., Robert L. Murphy, Cels J. Cooger, James E. Binks, Joseph Wiggins, George S. Brockett, Robert D. Holiday, Jesse C. Hite, Elmer Mills.

And Clarence E. Peary, J. C. Owens, William D. Smith, Irvin E. Saunders, James E. Haynes, Roland J. Hodnett, Thomas Cuffee, Quinton Sanderson, Cedric Price, and James E. Whitehurst.

A Prayer For Army Week

By Maj. Gen. Luther B. Miller
Chief of Chaplains, U. S. Army

Almighty God our heavenly Father, who art a Father and Father to all those that put their trust in Thee, bless us Thy servants and the Army in which we serve; lead us and guide us by Thy good Spirit, strengthen and defend us by Thy might, that we may be to our land a sure defense against every enemy; support us in the day of battle, and in the time of peace keep us safe from all evil; endow us with courage and loyalty, and grant that in all things we may serve Thee without reproach. Let the light of Thy countenance, O God, shine upon our comrades departed, that they, increasing in knowledge and love of Thee, may go on from strength to strength, in the life of perfect service, in Thy heavenly kingdom. Grant to us who, at this Easter tide, are still in our pilgrimage and who walk as yet by faith, that having served Thee with constancy here on earth, we may at length fall asleep peacefully in Thee and awake in Thy presence. Amen.

New Lift Implements Simplify Jeep Farming

A new hydraulic lifting device which enables a farmer to raise and lower a plow or other implement attached to a Jeep by a single dashboard control is pictured here at a demonstration at Cedar Farm, New Hudson, Mich. Photo (1) shows Charles E. Sorenson, board vice-chairman, and Barney Ross, chief engineer of Willys-Overland Motors and creator of the Jeep, testing the invention. Photo (2) shows the power source, a pump driven by an extra belt running to the crankshaft. Oil is forced to a cylinder in the rear of the Jeep, which in turn activates the implement. Photo (3) shows a 100-type spring tooth field cultivator in the raised position for greater maneuverability, and (4) the field cultivator is pictured lowered and in use. The device was invented by J. R. Love, Eau Claire, Mich., an agricultural engineer.

How many do you have in your house?

Counting on your fingers is fair. But first, make a quick guess: How many electric motors do your home-work for you? Would you say 3? 5? Maybe 10?

Now count 'em up. It's easier if you think of them room by room. How about the bedrooms? Electric clocks and shavers each have a motor. So do the fans you use in summer.

A modern kitchen is a gold mine. There's a motor in the electric refrigerator, the food mixer, the ventilating fan. (The list at the right will remind you of others.) Don't skip any rooms. Even the basement and storeroom may be rich picking.

Finished? How does the count compare with your guess? Most people guess way low. Actually 10 motors per house is common—20 is not unusual!

But, whatever the number, the point is true. We seldom realize how many jobs electricity does for

us, because it does them so dependably, regularly and cheaply.

You've helped bring this about by taking advantage of so many electrical opportunities. And the men and women of the business-managed electric companies are always working to bring you better service at lower cost. That's why the price of electricity has gone down and down, while the price of almost everything else has gone up and up.

Listen to the New Electric Hour—the HOUR OF CHARM, Sundays, 8:30 P.M., EST, CBS.

Here's a Partial List of Electrical Appliances—Each One Operated by an Electric Motor

Submarine Open to Visitors April 11

The modern submarines, the USS Requin and the USS Spinnaker, will be open for public visits at two Fifth Naval District ports in connection with the 47th anniversary of the acceptance of the first submarine by the United States Navy on Friday, April 11, 1947.

The Requin will visit Baltimore and will be available for inspection from April 11-13, while the Spinnaker will be open to visitors at the Norfolk Naval Station on April 12 and 13.

At the direction of Secretary of the Navy James Forrestal, Navy fleet and submarine commands will observe the forty-seventh anniversary of the acceptance of the first submarine by the United States Navy on Friday, April 11, 1947.

The original Navy undersea craft, which was designated as a "submersible torpedo boat," was the USS Holland, accepted by the Navy on April 11, 1900. The No. 1 submarine was named for John Philip Holland, American inventor and head of the J. B. Holland

HORSE RACING WITHOUT THE USUAL BETTING SLATED HERE

The nags will run and the race crowds will cheer this Summer in Tidewater Virginia . . . but the odds will be 9-6 and no money will be involved. The "T" bet, the favorite win, will truly be a figure of speech.

Trotting, pacing, showing and running horses every Sunday afternoon without benefit of the Pari-Mutuel betting system—or any other betting system—will highlight the entertainment packed 35-week schedule of Agricade Park, a new 42 acre outdoor sporting center scheduled to open in Princess Anne County April 13th with a thrill show featuring Joie Chitwood and his Hell Drivers.

Intending to give Tidewater citizens and tourists everything in the book, A. J. Grey and Harry J. Burke, president and vice president of Agricade Park, Inc., respectively, are employing double tracks of interlocking design which will accommodate horse racing on

Torpedo Boat Company, predecessor of Electric Boat Company of Groton, Connecticut.

turf and midget auto competition on asphalt with both home stretches before the same grandstand. Midget auto racing, another organized first in the Tidewater area, will compete in popularity against the Sunday horse races every Thursday night, beginning May 1st.

To facilitate the two-tracks-on-one-site, the quarter mile midget auto race track crosses the mile horse race track at two points on its opposite curves. Turf will be removed from the track crossings for the midget auto racing events and will be replaced over the asphalt for the horse races. Agricade officials believe they have the only track set-up of its kind in the country.

In addition to these regularly scheduled events, other events will fairly tumble over one another through Armistice Day. Two rodeos and three county fairs will add to the happy confusion.

Deaths

MRS. ERCELL FORD

Mrs. Ercell Ford, of 2032 P. St., N. W., Washington, D. C., and 2408 Arctic Ave., Virginia Beach, passed away March 29, 1947, at her home in Washington after a brief illness.

Funeral services were conducted April 1st in Chattanooga, Tenn.

Mrs. Ford, for the past three years, has been spending the Summer at her home on Arctic Ave.

GOING OVERSEAS

Pfc. Thomas C. Bourdon, Jr., son of Mrs. W. L. Cregar, of the Beachcomber Apts., is enroute to the overseas replacement depot at Camp Stoneman, California, to await orders for overseas duty. Bourdon has recently completed a course of instruction as an ordnance clerk and received his Pfc. rating April 1st.

Typographical Errors Cause Of Nation's Greatest Gaffs

The nation roared when Mrs. Roosevelt's syndicated column carried the line:

"After supper with the men, we went back to dress."

Ever since the invention of the printing press, typographical errors and printed statements susceptible of different interpretations have been the cause of universal merriment, to say nothing of a great amount of personal distress.

A compendium of ludicrous typographic errors and embarrassing printed statements is contained in an article by Morton Sonthheimer in the April issue of Good Housekeeping magazine. A few of the more glaring ones, culled from the press of the country, follow:

"Only one of the old bloc will be missing—pretty Winifred Stanley of Buffalo. Her seat disappeared in the New York re-districting."

"The members of St. John Baptist Church met with the pastor in bed . . . and had a lovely meeting; reports were good; amount \$37.80."

"Sheer stockings designed for dressy wear. But so serviceable that lots of women wear nothing else."

"Attractive room — Everything furnished. Venetian blinds."

"Dewdrops on freshly blown noses."

"She had tight bridesmaids at the ceremony."

"Glen Collins was bent man."

"No date has been set for the bedding of the couple."

"Congress probes high cost of loving."

"The picture was posed by his two-headed son."

"The rain descends with the force of water from a fire hose."

"And them asses (the masses) believed him."

"Then there was the literal minded printer who received an order over the telephone ordering a ribbon for a funeral wreath."

"I want it to read 'Rest in Peace' on both sides," the customer directed.

And that's just what he got. When the ribbon was delivered it read:

"Rest in peace on both sides."

WOMAN'S CLUB TO SPONSOR SIMILAR JUNIOR ORGANIZATION

The program for the April meeting of the Princess Anne Woman's Club was under the direction of Mrs. Kermit Land, chairman of the American Home Department of the club. Mrs. Land presented C. B. Mitchell, well known landscape authority of the Fertilizer division of Swift and Company. Mr. Mitchell presented a movie film of landscape beautification with remarks as to ways and means of eradication of garden pests and weeds.

In keeping with Mr. Mitchell's part of the program, Mrs. L. J. Upson presented an art exhibit showing Colonial Homes, with Princess Anne homes among the exhibit.

Committee Reports

Mrs. Wallace Clark, chairman of the budget and finance committee presented the estimated budget for the coming year of a total of \$475.00. Other recommendations of the Board of Governors were accepted by members as presented. Among these recommendations was a motion to sponsor a Junior Woman's Club group which will select a counselor from the senior group.

Approximately 50 young women of Virginia Beach and Princess Anne County will be organized in the near future and will function under the same ruling and guidance of the senior group.

Building Goal

Mrs. Russell Hatchett, president, said that the ultimate goal of the Club was the erection of a club house. Mrs. Walker Howren was appointed chairman of the Building Fund. In response to a letter from Hon. H. Warfield Leake, Mrs. Hatchett appointed Mrs. G. C. Manson and Mrs. H. E. Halsted, chairman and co-chairman to assist in any way possible with the proposed building fund.

The Town Council, Messrs. Jenkins, Davis, Throm, Hill, Jard, Wilson and Beacro will serve on Mrs. Manson's committee.

Institute Report

Mrs. Harry Holland, delegate to the Sixth District Institute held in Hampton gave a full report of the meetings. Mrs. Hatchett and Mrs. Clark attended the meetings with Mrs. Holland.

The Princess Anne Club will take an active part in the celebration of Cape Henry Day, April 26 and 27. The recently organized

P. A. Garden Club To Meet Monday In London Bridge

The April meeting of the Princess Anne Garden Club will be held at the home of Mrs. Michael Boland, "Old Comfort," in Annapolis, London Bridge, Monday April 14 at 2:30 p.m. According to an announcement by Miss Elizabeth Gregory Hill, president, who will preside over the meeting.

Howard J. Neale, State landscape architect, will address the group on "Roadside Development." The exhibits and arrangements will be as usual and spring flowers.

Election of officers for the ensuing year will take place at this meeting.

Garden Week In Gloucester County

Personally conducted tours to the old homes and Colonial churches of the county will be featured by the Gloucester Woman's Club during Garden Week, April 28-May 3, and other women's organizations in various parts of the State are considering a similar plan. The tours will be made by local club women only in the visitor's cars for a reasonable fee, and the guides will be chosen for their familiarity with local history, their knowledge of the roads and for their ability to meet strangers with ease.

Luncheon will be served each day at Long Bridge Ordinary, near Gloucester Courthouse, and both tours and the luncheon are for the benefit of the Long Bridge Restoration Fund.

Fathers' Night To Be observed By Oceana P.-T. A.

The Oceana Parent Teacher Association will observe Fathers' Night on Tuesday, April 15 at 8 p.m. in the school auditorium.

After the business meeting, to be presided over by Mrs. Catherine McCloud, president, the Drama Class will present the one act play "Elmer," under the direction of Miss Marion Burroughs. This is the play which was presented in Charlottesville by high schools in the Tidewater section of Virginia. The Oceana players received a "Superior Rating" in this contest.

A social hour will follow the meeting when refreshments will be served.

Benefit Supper

The Virginia Beach chapter of Order of the Eastern Star will give a benefit supper at the Masonic Temple, 16th and Pacific Ave. on Thursday evening April 17. Funds realized will be used for the charity work conducted by the Order.

Observe All Bicycle Rules Urges John B. Dey in April Traffic Safety Lesson

Failure to follow safe bicycling rules and to keep the bicycle in good repair were largely responsible for the death of 500 persons in 1945, John B. Dey, Vice president of the Tidewater Automobile Association said today in announcing distribution to schools here of the April AAA School Traffic Safety posters and lesson units which caution the drivers of two-wheeled vehicles to KNOW ALL BICYCLING RULES AND USE THEM.

"The poster drawn by Cherrie Margis, age 16, of Woodrow Wilson High School, Washington, D. C., was a first-prize winner in the Second National AAA Traffic Safety Poster Contest, sponsored by the American Automobile Association and affiliated automobile clubs.

"The fact that bicycling rules are being disregarded is obvious enough when we examine the record," continued Mr. Dey. Three hundred were killed in cities and towns, while the rural toll of bicyclists was 200. Youngsters of elementary and junior high school age in urban areas were

our greatest bicycle-rule violators. Almost two-thirds of city bicycle deaths (190) occurred to the 5-14 year age group. Three out of every five injured were in the same class.

"Several sure-cures for these needless deaths include a proper periodic inspection of the bicycle, and a review of safe bicycle driving rules. In inspecting the bike, tires, headlight, handbrakes, bell, horn, seat, spokes, brake, pedal, chain and rear light deserve attention.

Eastern Star

Virginia Beach Chapter No. 75 Order of Eastern Star will celebrate its 24th Birthday anniversary, Tuesday April 15, at 8 p.m. Masonic Temple, 16th Street.

Charter members will be honored guests. A short program has been planned and refreshments will be served. Mrs. Estelle Gregory, Worthy Matron will preside. All members are invited to attend.

Legion Auxiliary

A joint meeting of the Princess Anne County Post 113, American Legion and the Auxiliary Unit will take place April 17th at 8:00 p.m. at the Va. Beach U.S.O.

Mr. Fred Martin, Department of Child Welfare Chairman, will be the guest speaker. Mrs. E. H. Harrison, Unit Child Welfare Chairman will be in charge of the program and social period which will follow.

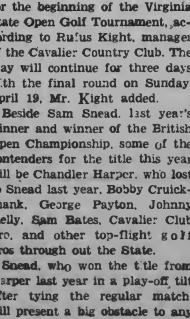

Virginia State Open Set For April 18-20

Friday, April 18, is the date set for the beginning of the Virginia State Open Golf Tournament, according to Rufus Knight, manager of the Cavalier Country Club. The play will continue for three days with the final round on Sunday, April 19. Mr. Knight added.

Beside Sam Snead, last year's winner and winner of the British Open Championship, some of the contenders for the title this year will be Chandler Harper, who lost to Snead last year, Bobby Cruikshank, George Payton, Johnny Kelly, Sam Bates, Cavalier Club Pro, and other top-flight golf pros throughout the State.

Snead, who won the title from Harper last year in a play-off tilt after trying the regular match, will present a big obstacle to any who may try to gain the crown.

According to Mr. Knight there will be a larger number of players this year than last, and to accommodate them all the match will

Council Sets New Tax On Beach Equipment

The Virginia Beach Town Council in session on Monday evening adopted on the final reading an ordinance taxing beach equipment which will amount to \$300 for the first 25 units and \$3 for each additional unit over 25.

In an effort to increase the revenue for the town ordinance were passed, on first reading, to levy a tax on all coin-operated amusement machines, commercial washing machines and a tax of \$500 annually on Kings and Fortune games with 50 seats and an additional \$15 per seat over 50. It also adopted on first reading an ordinance to levy taxes on rooming houses and hotels to \$5 per room up to 10 rooms, more than 10 rooms, \$100 per room per year. Also for the rental of automobiles, \$150 per annum for 25 autos or less and an additional tax of \$5 for each car over 25.

C & P Tax Rates

A flat fee of \$1,000 a year was fixed to be paid by the C. & P. Telephone Company.

No objection was voiced on any of the above ordinances.

Sightseeing Bus Permit

Edwinc. Kellam, attorney, representing Roy Edwards, requested permission to operate sightseeing tours from Virginia Beach to Williamsburg, Jamestown and other points of historical interest covered in one day tours. Mr. Kellam said that his client proposed to furnish a new 25-passenger bus for the sightseeing purpose of sightseeing with no intent to pick up or discharge passengers en route.

A protest was voiced by Mr. Fletcher of the Beach Southern Bus Corp. who stated that his company had been a regular service to the Beach in years past and were in a position to run the tours again. Mr. Kellam of the Virginia Beach Taxi Co. stated a similar protest stating that his company was also in a position to carry passengers to Williamsburg when they desired.

The matter was referred to the license committee to determine the

legality of the request. If the Council gives its approval the franchise will be sought from the Interstate Commerce Commission. Mr. Kellam said that the type of service which his client would offer is not now available from any other service in the community.

USO Building

Councilman Haycox urged that everything possible be done to acquire the USO Building on Arctic Ave. for a town auditorium and recreation center. A letter having been written to Representative Pomeroy Hardy, Jr., to exert all possible effort in behalf of the purchase. Mr. Jones read a letter from Rep. Hardy assuring members of the Council he would give it his attention. Acquisition of the building is the first hurdle. The maintenance and upkeep will then be paramount issue for the Council to decide.

Parking Meter

The question of parking meters was brought before the assembly with the understanding that they would be installed on Atlantic Avenue, both sides, on 17th St. on 21st and on 25th Street. The center lane of 25th will possibly be included.

The question was asked from the floor if the meters would be operated on a yearly basis. The reply was that it was a seasonal thing only and would not be in operation during the winter months.

Others Motions of Business

Mrs. Jeff Edwards requested a permit for a news stand to be located at 17th and Atlantic. Mr. Andrew Holmes was granted consideration in his request for a street light at 24th and Baltic as well as speed control of motorists who are now using Baltic more than usual to avoid the traffic lights on Atlantic Ave. And the request for a traffic light at 17th and Cypress. Mr. Holt requested the Town Engineer, Clyde Nicholson, to require the securing of a permit for breaking the side walk for the purpose of laying pipes with the understanding that any damage done would be repaired by the person laying the pipes. Mr. Cammet was assured that the operations of the new gas company would be under a different contract and would come in a different category.

After some adverse discussion of the proposed parking meters by several citizens in attendance the meeting was adjourned.

New Enterprise Undertaken By Local Businessman

Virginia Beach now has a new enterprise. The Trading Post, Cal Nomeyko, proprietor of the Holiday Hobby Shop is adding the new feature and service to his store on 31st St. This department offers to "Buy, Sell or Trade Anything". Mr. Nomeyko is just starting this new business and is asking everyone to look into the store for articles which have served their usefulness for the owner and turn them into cash or trade. This is the first shop of its kind in Virginia Beach and should prove of great interest and value to local residents and visitors.

For the unusual and the everyday articles, Mr. Nomeyko invites residents of the Beach to come in and look around.

THE CLEARING HOUSE

A country newspaper office is
the verbal "clearing house" for
the community. Personal griev-
ances and public "gripes" are
poured into our open ears and, we
hope, open minds. We gripe with
these in trouble and rejoice with
the good news brought to us.

As a newspaper we stand on
neutral ground endeavoring at all
times to serve the COMMUNITY.

Parking meters seem to be the
issue of paramount importance
for the moment. From all reports
there seems to be considerable
dissatisfaction among the major-
ity of business firms and hotels
over the action of the Town
Council in forcing the machines
on the Town. Individual hotel
operators now at the Beach have
gone on record protesting their
installation, approximately 100
merchants and businessmen, at
an open meeting almost unani-
mously protested meters, feeling
that their installation would
prove a definite annoyance to
local townspeople and visitors at
the Beach.

There also seems to be some
confusion from varying state-
ments emanating from headquar-
ters as to the duration of their
use. One report reaching this of-
fice is that the matter is on trial
basis and will only be in effect
during the summer months. The
next bit of information is that it
is too late for any protest, the
meters have been purchased and
will be installed regardless.

It is never too late to do the will
of the majority of people. If the
meters have been ordered on a
trial basis it does not necessarily
mean that they must be installed.
With the cooperation of members
of the Town Council and mer-
chants and residents of the com-
munity an agreeable solution can
be worked out.

THE CAMPAIGN AGAINST FIRE

On May Sixth to eighth, a con-
ference will be held in Wash-
ington, D. C., which will be of direct
and personal importance to every
person in the country. It will be a
national conference on fire pre-
vention—and it has been called
by President Truman to meet a
grave emergency.

In attendance, there will be of-
ficials of the Federal Government,
the states, and municipalities, &
representatives of business, the
professions, and civic and service
organizations of many kinds. It is
hoped that the largest possible
representation of interested parties
will appear and that officials
from every state will attend.

The conference will have sev-

eral purposes. It will, first, create
a wider recognition of the need
for more adequate standards of
building construction, and the
firm and impartial enforcement
of building codes and fire safety
ordinances. Of equal importance,
it is hoped that it will develop a
vitality-needed sense of the per-
sonal responsibility that must be
shared by every citizen if our ter-
rible fire toll is to be reduced.

Loss of life and destruction of
property by fire must come down.
That is the basic theme of the
coming conference. Its work will
be in the interest of us all.

From where I sit . . . by Joe Marsh

And That Ain't Hay - Or Is It?

I guess all of us secretly hanker, from time to time, for the good old days and the good old-fashioned pleasures. Leastways, Buddy Richards done a thriving business reviving the old-time hayride.

With a team of horses, and a stout straw-bedded rack, Buddy can take as many as thirty adults - at fifty cents a head!

Two or three times a week they start from Town Hall, and go out for a stop for a friendly

at Shoreline Tavern;

and come home by way of Round Ridge . . . nine miles in all.

Not very exciting, you might say. But from where I sit it's not excitement that we need these days - but those simple country pleasures that are part and parcel of America - the old-fashioned hayride, with its song and jollity; the horseshoe games; the friendly glass of beer; and the good companionship that they engender.

KIGHT SAYS OVER HUNDRED CONTESTANTS ALREADY SIGNED FOR STATE OPEN GOLF MATCH

The Virginia State Open Golf Tournament will get under way this morning on the Cavalier Club course. According to club manager, Rufus Kight, about one hundred and twenty-five entries will vie for this year's title. Yesterday found many of the hopefuls trying the links and many of the contestants came back with below par scores. If Thursday's trial rounds are any optimum Mr. Snead will have plenty of opposition this year.

Besides seven times winner Bob by Crickshank and three times winner Chandler Harper, the match will feature George Peyton and Jack Isaacs of Hampton, Walter Hagen, Jr., amateur, Johnny Kelly of Ocean View and most of top notch golfers in the State.

Mr. Kight further stated that a large crowd is expected and they would be rewarded with a first class brand of golfing. The links are in good condition despite the rain, he continued, and we have a reasonable assurance of good weather for Friday and Sunday with a few showers due sometime on Saturday.

Spectators are expected to start pulling into the club by 9:30 this morning to see the first of the match as the early ones tee off.

Luxford Dies At Home In Oceana Wednesday A. M.

Major Overton Clay Luxford, 71, veteran of service in World War I, died at the residence, Middle Lane and Michigan Avenue, Oceana, Wednesday at 5:15 a.m.

A native of Richmond, he had resided at Oceana for the last eight years. He was a member of the Episcopal Church. He had been active in the Veterans of Foreign Wars in Washington D.C.

In addition to his wife, Mrs. Elizabeth Terry Luxford, he is survived by a daughter, Mrs. Caroline E. Woodhouse, Oceana; a son, James P. Luxford, Arlington; a sister, Mrs. H. B. Sutton, Richmond; three grandchildren and a great grandchild.

The body was sent from the Holloman-Brown Funeral Home to Staunton for funeral services and interment.

Decorating Co and Sportswear Shop Relocated Here

The Virginia Beach Decorating Company, professional artists & painting contractors who specialize in interior designs, and decorating, is now in its new location on Atlantic between 22nd and 23rd streets.

The walls of the new shop are painted in three shades of pastel green, separated by strips of allures laid horizontally. Modern fixtures for displaying paints, wallpapers and artists supplies are painted pale yellow and trimmed in dawn grey.

Racquet's Sport Shop will occupy the other business unit on the first floor. Each unit will have approximately 22 by 88 feet of floor space and each is floored with terrazzo.

Racquet's will be decorated with rough textured white walls painted in tropical design.

The Kontapanos Building in which the new stores are located, has been under construction for nearly a year. Built of brick and slab blocks and trimmed with Indiana limestone and Virginia greenstone, the \$80,000 building is being constructed by the W. O. Beasley Company and is owned by 'Jimmy' Kontapanos, who for many years has operated restaurants at the Beach. At present he is operating the Normandie on Atlantic Avenue.

The second story of the two story building will have six three room and bath completely furnished apartments which were leased several months before the apartment was completed.

The formal opening of the two stores was held on Wednesday evening with hours for visiting beginning at 8 p.m.

Beach Rotary Club To Hear Yearby

Colonel George T. Yearby, District Engineer, War Department Corps of Engineers, will be the guest speaker at the April 24 dinner meeting of the Virginia Beach Rotary Club.

Colonel Yearby will present his conclusions as to means for dealing with the important problems of beach erosion along the Atlantic seaboard, principally within the Virginia Beach area. This matter has been given considerable study by the Corps of Engineers, acting under Derby's supervision, and the subject will be of considerable interest to Rotarians.

Plans for Virginia Beach's "Clean-Up" campaign, which is to begin on Monday, April 21, have been completed according to Clyde Nicholson, Town Engineer, acting secretary at meetings composed of representatives from civic organizations and members of the Town Council.

The meetings were held Saturday, April 12 in the Chamber of Commerce building and Monday April 14 for the purpose of drawing up plans for the intensive "spring cleaning" program which will start with "Clean-Up" week and continue through the year as a regular feature of the plans for beautifying the Town.

Representatives Present The Princess Anne Woman's Club was represented at the meeting by the Mesdames Lloyd J. Ward, Sr., George Manson, A. B. Wilson, R. R. Ford & L. R. Hill. Mrs. Frank Klepper was in attendance from the South Virginia Beach Civic League. Mrs. Charles Eltingh and Mrs. H. Warfield Leeke from the Virginia Beach Garden Club; Mrs. H. C. Meyer from the American Legion Auxiliary, Councilman Halstead, who is chairman of the Sanitation Committee in the Council, was present; Joseph Spruill, manager

Nellie Burt Wright To Be Guest-Artist At Music Club

The Virginia Beach Music Club will present Miss Nellie Burt Wright, pianist, in a recital on Friday, April 25th at 2:30 p.m. at the Dundee Inn.

Miss Wright, of Petersburg, gave her first recital when she was six years old. At the age of ten she won first place in the State contest sponsored by the National Federation of Music Clubs, and received personal commendation from the eminent pianist, John Powell. She won scholarships to the Cincinnati Conservatory and to the Juilliard School of Music where she studied for three years. She was selected to appear as guest soloist with the Juilliard she won the Stolz Scholarship to study in Philadelphia under Olga Samaroff Stokowski. She taught piano for two years at Bryn Mawr and then went overseas as pianist in a U. S. O. unit where she entertained in the Pacific theater for eight months.

Mrs. Goldsborough Robinson and Mrs. W. F. Crockett will be hostesses for the afternoon, and while at Virginia Beach Miss Wright will be the house guest of Mrs. Robinson at her home, Dundee Inn.

Women's Soft Ball League to Meet

E. B. Bayne, chairman of the Virginia Beach Soft Ball League, announces that there will be a meeting at the Town Hall this evening, April 18, of all women who are interested in soft ball. Mr. Bayne stated that two women's teams are already in the process of formation and that under the direction of Miss Mull, who was playground director last summer, more teams will be organized. The meeting will be held at 8 p.m.

LEGION AUXILIARY TO MEET

The regular meeting of the Princess Anne County Legion Auxiliary will be held Monday, April 21 at 2:30 p.m. at the U.S.O. Club.

The program for this month will be Pan-American.

NOTICE

The Mobile X-ray Unit will be at the Virginia Beach Health Center on Thursday, May 1st between the hours of 3 p.m. and 7 and 9:30 p.m. offering free chest X-rays to all.

Bank To Move Into New Quarters Mon.

The Virginia Beach office of the National Bank of Commerce will open its new quarters at 19th Street and Atlantic Avenue, on Monday evening, April 21, for public inspection with an "Open House" from 7:30 to 10:00. The bank will open for official business the following morning, April 22.

The new office, occupying the entire 67 x 37 feet, is completely modern and air-conditioned. Its exterior is imposing and attractively designed. The face of the structure is of rainbow polished granite with a strip of Alabaster slate over the bank's name above the door. The doorway is framed in Carrara marble granite, a ruby-lined stone. The windows are in shadow-box effect, framed in old Gothic-type limestone from Indiana. These panes of glass in the windows permit insulation from outside weather. The entrance door, transoms, and side lights are of Herculanite glass, non-destructible but permitting clear vision, and the trim about the entrance door is of bronze. A night deposit box has been placed at one side of the door, for convenience in depositing money outside of banking hours.

The interior, with a lobby area of 55' x 25', is designed not only for handsome appearance, but also for the most modern comfort, with four-room temperature control. Fluorescent illumination gives clear light without glare, and a ceiling of acoustical plaster makes the lobby quiet. The lobby floor is of terrazzo. There are seven elevators, one of the "friendly type" without grill work. The trim on these counters is of mahogany, as is the face of the elevators.

The vault and a fireproof storeroom extend completely across the rear of the building. Specious quarters are also provided for the personnel and the manager, Mr. Claiborne R. Bryant. The vault, which is under the mezzanine, is of the most modern type and was especially designed by the Molesworth Company. A wide archway about the doorway leads to the vault which contains approximately 600 safe deposit boxes with space for additions. A mirror at either end adds to the spaciousness and private booths are provided for the use of vault customers. A master ventilator and emergency communication system have been installed as added safety measures. A stairway leads from the lobby to the conference room on the mezzanine. This room, 21' x 25', is a private air-conditioned room, available for the use of local civic organizations as well as for bank purposes.

Architect T. David Fitz-Gibbon designed this "Commerce" office, and W. A. Hall was the contractor for the bank's quarters. The building was erected by Mr. M. Raydush.

Office Started in 1925

This office was started by the old Virginia Bank and Trust Co. in 1925 and became a part of the National Bank of Commerce thru merger in 1932. The original bank began operations with only one employee and in very humble quarters not far from its new location on Atlantic Avenue. Clinton J. Curtis, its first manager, was succeeded in turn by the late Millard F. Parker, C. Leonard Fisher and Claiborne R. Bryant, the present manager.

At the present time the bank's staff consists of twelve persons as the institution serves approximately 4,000 local customers, offering every type of banking facility. As the only bank at the Beach from 1925 until after Germany capitulated in 1945, the bank has played a tremendous part in building this community first into an economic and then into a social and cultural center. Since then it has played a part in the growth of the community.

Junior Womens Club Organizes Here

A group of approximately 40 young women of Virginia Beach met at the Cavalier Hotel Tuesday evening for the purpose of forming a Junior Woman's Club.

Mrs. Russell Hatchett, president of the Senior club and Mrs. Wallace Clark, a past president, met with the group to aid them in forming an organization.

Mrs. William Keelan served as temporary chairman and appointed a nominating committee consisting of Mrs. Griffin Deal, Mrs. Frank Fentress, Mrs. A. T. Taylor, Mrs. Littleton Walker and Mrs. M. Y. Cox.

The committee appointed for the purpose of drawing up constitution and by-laws is composed of Mrs. James T. Bell, Mrs. J. Goodenow Tyler and Mrs. E. W. Smith.

Mrs. Wallace Clark will be the contact between the Senior and Junior clubs.

Beach Men's Club To Meet April 23

The Business Men's Supper Club of Virginia Beach will hold its regular monthly meeting on Wednesday, April 23, 1947 at the Presbyterian Church.

The guest speaker for this meeting will be Mr. J. Warren White of Norfolk.

Virginia Beach 'Clean-up' Campaign Starts April 21st

Plans for Virginia Beach's "Clean-Up" campaign, which is to begin on Monday, April 21, have been completed according to Clyde Nicholson, Town Engineer, acting secretary at meetings composed of representatives from civic organizations and members of the Town Council.

The meetings were held Saturday, April 12 in the Chamber of Commerce building and Monday April 14 for the purpose of drawing up plans for the intensive "spring cleaning" program which will start with "Clean-Up" week and continue through the year as a regular feature of the plans for beautifying the Town.

Representatives Present The Princess Anne Woman's Club was represented at the meeting by the Mesdames Lloyd J. Ward, Sr., George Manson, A. B. Wilson, R. R. Ford & L. R. Hill. Mrs. Frank Klepper was in attendance from the South Virginia Beach Civic League. Mrs. Charles Eltingh and Mrs. H. Warfield Leeke from the Virginia Beach Garden Club; Mrs. H. C. Meyer from the American Legion Auxiliary, Councilman Halstead, who is chairman of the Sanitation Committee in the Council, was present; Joseph Spruill, manager

of the Chamber of Commerce; Frank D. Shean of the Better Business Association; Clyde Nicholson and Mr. Petty, engineers of the Town.

It was decided to ask the cooperation, through the press and printed notices, of school children, housewives, civic organizations and merchants to clean-up dress-up and keep clean all sections of the Town. Councilman Halstead presided at the meetings and summarized the need for developing greater civic pride on the part of four year round residents as well as stimulating an interest in visitors to the Beach in aiding to keep the Town clean. Mr. Halstead further stated that the Council was "supporting the

project to a man" and that ordinances regulating the sanitation and cleanliness would be enforced to the limit. He called upon those present to vigorously support, personally and through their organizations every detail concerning the enforcement of these laws.

Mr. Halstead stated that he would like to see something more permanent than a campaign of a week's duration designed to clean up the Beach and that he would like to suggest the formation of a Beautification Commission composed of representatives from each organization in the Town as well as in the County for the approaches to the Town are in Princess Anne County.

Frank D. Shean, president of the Better Business Association stated that his organization would support the plan by requesting business establishments to cooperate and that he would have trawlers painted to hang over the streets stressing the campaign. Representatives from other organizations pledged similar support from their members.

Tentative plans were made for a meeting to be held April 29 for the purpose of forming a permanent organization.

"THE VOICE of a majority, warning the course of government does not insure good government except it be the voice of a well informed and well instructed people."

NO LAW AGAINST PROGRESS

Ownership and operation of a coal mine is but a small part of the whole picture when it comes to producing coal for the nation. Actual production depends on many factors apart from the coal industry. It is the buyers of fuel who, in the last analysis, keep the coal industry functioning. Says John L. Lewis and the coal mine operators have to satisfy his needs in a competitive market before they can prosper.

No better example of this can be offered than a seemingly insignificant item that recently appeared in newspapers. It said: "Officials of the United Mine Workers declare they will fight in the state legislature the Pennsylvania Railroad's plans to replace some coal burning locomotives with Diesel engines. According to the union officials, every time a steam engine is driven off the railroads, two miners are out of jobs. The railroad's 25 new Diesels will cut demand 2,750 tons a day."

The Pennsylvania is only one road that is adding Diesel locomotives.

Without going into the merits of the Diesel engine as compared with coal burners, there is no question but that the high-handed tactics of the United Mine Workers is causing the country to suffer from annual strikes and coal shortages have been one of the greatest incentives to developing the Diesel locomotives.

The United Mine Workers may be able to force their demands on the coal industry but they cannot force the public to endure hardships if it can find fuel substitutes for coal. As almost every industry in the country has been more or less dependent on coal for its operation, Mr. Lewis' tactics are forcing the use of substitute fuels to prevent interruptions in operations.

It is time for the United Mine Workers to realize they are cutting their own throats through

READING & WRITING

BY Edwin Scaevan AND Robin McKean

In 1944, when Denmark was still Nazi-occupied territory, the Danes were reading a remarkable new novel titled "The Angelic Avengers." But nobody had ever heard of the author—Pierre Andrezel.

The novel was available, not only because of its superlative literary quality. Pierre Andrezel quickly realized that here, thinly veiled, was far more than an enthralling narrative of adventure, mystery and young love. This story was also a daring and complete condemnation of the conquerors in whose power Denmark then lay helpless.

Whether or not the Nazis saw what was so clear to everybody else, they did not realize. Perhaps because banning the author would have been a confession that they recognized themselves in this picture of those who do evil for evil's sake.

Now the Book-of-the-Month Club has made "The Angelic Avengers" a selection for January, along with Eric Hodgins' "Mr. Blandings Builds His Dream House." The Club reports that Pierre Andrezel is not the author's real name. At the time of publication he—or she—had to hide his identity; the anonymity is still retained. It is generally agreed, however, that "Pierre Andrezel" is a writer of great renown, and it is likely that the secret will soon be revealed.

David L. Cahn, author of "Point of Departure," talks this one about the famed English restraint of expression. It named two Englishmen were visiting Niagara Falls. One of them, deeply moved by the great torrent of falling water, turned to his companion and said, "Not bad." His friend replied, "Don't gush, Haddock."

Stephen Leacock told this story as an example of cynical humor that wasn't quite his style. It had to do with a Scotchman who had a sister-in-law with whom he could never agree. In spite of his wife's entreaties, he always refused to go anywhere with her. The wife was taken mortally ill, and as she lay dying she whispered, "John, ye'll drive Janet with you to the funeral, will ye no?" The Scotchman after an internal struggle, answered, "Margaret, I'll do it for you, but it'll spoil my day."

CALL FOR W.W. II VETS

The arms of combat handled by World War II veterans have scarcely cooled before these fighting men and women are again summoned for action to protect their gains in American security.

The call this time is from National Commander Paul H. Griffith of the American Legion, an organization in which World War II veterans are vastly in the majority.

The weapons used in this action, however, are the very pieces which the veterans fought and sacrificed to maintain—those of free and untrammelled citizenship expression.

their policy of boosting costs regardless of the effect on coal's markets.

World War II veterans realize the positive necessity for an adequate national defense system. They can cite you reasons written in blood and death. They want the American security system to be civilized and non-militaristic. That is why they will go all out to support the American Plan of Universal Military Training.

From the younger group of American war veterans will come a resounding response to Commander Griffith's appeal for grassroots assistance in the UMT campaign.

The American public can expect to hear these younger veterans from the platforms of the nation, to see their expressions in the press, and to hear their voices on the radio.

These young veterans fresh from winning a blitz war that caught American unprepared will

WHAT PEOPLE WILL SAY

Washington D. C., April—Looking backwards to World War I when Woodrow Wilson was President of our Nation he told Congress that "open covenants of peace, openly arrived at" would be the policy of our Nation in our determination that "the World must be made safe for democracy." An, while he lived, he stood fast, firm and conscientiously by those pledges he had made to the World.

Turning to President Franklin D. Roosevelt, he blasted "economic royalists," and boomed "the

forgoten man at the bottom of the economic pyramid—the forgotten men" whose strikes he supported while blasting the American economic system, were entirely antagonistic to the ways that had been established by Washington, Adams, Jefferson, Madison, Lincoln, Cleveland, and all other Government chiefs up until the New Deal was saddled onto the Nation on March 4, 1933.

Yesterday, an outstanding man who has lived in Washington since the early days of the pre-

sent century, told me that one of the worst dangers faced by our government is from thousands of "reds" in every walk of life in the National Capital.

Today, a young woman who has grown up from childhood in Washington, expressed herself in forceful language on the international conditions in these exact words: "Roosevelt signed away the whole damned country."

These opinions are not my own—but I hear such expressions daily from the lips of we-in-

formed residents of Washington. I am simply reporting the above to readers of this letter. J. E. Jones

ANOTHER "COMMERCE" MILESTONE!

Twenty-one years ago the National Bank of Commerce opened the doors of its Virginia Beach Office in rather humble quarters but with immense faith in the future. That faith has long since been more than justified.

Next Monday "Commerce" celebrates this significant twenty-first birthday at the Beach by opening its new and enlarged Atlantic Avenue office designed to care more adequately for the increased financial needs of this thriving and prosperous community.

In honor of the occasion "Open House" will be held that evening, April 21, from 7:30 to 10:00 o'clock. You are cordially invited to be our guest and to make an advance inspection of these new and ultra-modern quarters which will open for official business the following morning.

Hall Re-Named By Brunnier to AAA Committee

G. Leslie Hall, president of the Tidewater Automobile Association and a vice president of the American Automobile Association, has been re-appointed to the National

Highway Committee by AAA President H. J. Brunnier. In making the appointment, Brunnier expressed "sincere appreciation" for Hall's "valued service" in former years and mentioned that "a fine job was done in a year when numerous important highway matters were under consideration."

Continuing, he said:

"We face an even more important period during which fundamental decisions will be made on such matters as the magnitude of future Federal Aid for highways. Federal motorist taxes, whether or not the Interstate Highway network is to be developed expeditiously and at proper standards, the making and utilization of wisely prepared

longrange highway development plans (both physical and financial) by the states. "Your experienced counsel is again needed."

J. T. Timmons, managing director of the TAA, at the same time was reappointed a member of the National Touring Board, on which he has served several years.

Beware Of 'Ole Sol

Vacation enthusiasm frequently leads to types of thoughtlessness that are detrimental to health. One of the most common manifestations of this attitude is a disregard for the burning power of the sun. Despite repeated warnings on this hazard, annually thousands of persons under the spell of the outdoors and temporary freedom unduly expose their tender skins to the sun's rays and consequently suffer casualties ranging from minor to severe. This is a kind of folly that definitely does not pay, states Dr. I. C. Riggan, State Health Commissioner.

It is quite true that the sun can be beneficial. It is so recognized by the medical profession. Heliotherapy is the medical term for sun treatment. It is employed to some extent in bone tuberculosis and in the treatment of certain blood diseases. However, when thus used by physicians it is very carefully supervised and the exposure is strictly regulated. These facts indicate that as a therapeutic agent it is limited. It follows that well persons must recognize the body's limitations to sun exposure, also.

"Sun-bathing enjoys a well-deserved popularity. The trouble arises when little or no consideration is given to the damage it can so insidiously do. In the milder cases painful burns result, in the more severe ones serious illnesses can occur, even deaths have been attributed to this cause when other bodily complications were involved.

"When first exposing the winter-softened skin to the sun, it must be realized that no defense to the burning rays exists. This defense only can be developed gradually by pigmentation; that is, by a slow tanning. This process cannot be forced. Attempts to do so end only in a burn. In any event, everyone should avoid overexposure.

MORE SERVICE

There are more telephones in service now than ever. And we're installing others at a rate never before approached.

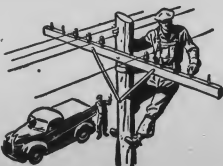

MORE CALLS

The number of calls being handled per telephone is the highest yet—even higher than during the record-breaking war years.

MORE PEOPLE

We have added thousands more men and women to take care of these increases. Today the number of people on our payroll is at an all-time high.

MORE BUILDING

The biggest construction and expansion program in our entire history is under way. Here in Virginia, this program will cost \$60,000,000.

AND MORE PROBLEMS

But we're sorry to say that, in spite of everything we've done, a lot of folks are still waiting for telephone service. That's because shortages of critical materials are holding us back at a time when the demand for service is greatest. Badly needed cable, switchboards and other central office equipment are coming through

—but not nearly so fast as we need them. The same shortages are the reason for occasional delays on telephone calls.

Now the outlook is a little brighter! We're adding new equipment more rapidly than ever. We're working hard to provide service to all who want it. And it will be finer—faster than ever before.

SAVING THE WORLD IS VERY COSTLY

The war has been over, over there, for a long period of time. But this international responsibility assumed by Uncle Sam is costing this nation of ours about 10 billion dollars a year for military expenses. Every income-taxpayer in the United States is paying too-big a share of taxes for saving a world that doesn't seem to want to be saved. Unless matters move better before long there will be a break with Russia—which seems to indicate that the United Nations will suffer from the same pains as the League of Nations after World War I. Well, Mr. and Mrs. John Q. America public figure it out for yourself and your conclusions will be as good as anyone's.

Primary highways in Princess Anne County which make up 922 percent of the total primary road mileage in Virginia, carry 2,037 percent of the total state traffic, surveys recently completed by the State Highway Department showed here this week.

The study showed that there are 80.36 miles of rural primary highway in Princess Anne, with an average 178.150 vehicle miles of travel daily.

GARRETT - BISHOP

The marriage of Elizabeth T. Bishop, daughter of Mr. and Mrs. Walter Bishop of Wyoming, Del. to Earl M. Garrett, son of Mr. and Mrs. C. E. Garrett of Virginia Beach, took place Easter Sunday afternoon at the home of the Rev. R. W. Kirwan, pastor of the St. Paul's Methodist Church, Clayton Delaware.

The bride, who was attended by her mother and father, wore a powder blue gabardine suit with navy and white accessories and a corsage of yellow roses and blue forget-me-nots.

After a short wedding trip to Pennsylvania, Mr. and Mrs. Garrett returned to Virginia Beach where they will make their home.

Speed up Work

with the vehicle that does more jobs

THE UNIVERSAL

Jeep

USE IT AS A PICK-UP OR TOW TRUCK

The Universal "Jeep" with its 60-hp "Jeep" Engine
and 2- or 4-wheel drive, is a versatile farm vehicle that
spreads its cost over jobs the year 'round. It serves as
a pick-up truck that hauls loads to 1,200 lbs. on or off
the road. It tows trailers payloads to 5,000 lbs. at high-
way speed, with reserve for grades. You speed up work
with a vehicle that does almost any farm job!

... AS A TRACTOR

In 4-wheel drive, at speeds
of 2 to 7 mph, the "Jeep"
serves as a light tractor to
pull plows, harrows, discs
and other implements—
pull-type or hydraulic. With
power take-off it operates
power mowers and sprays.

... FOR BAIT WORK

Power take-off on the "Jeep"
delivers to 30 hp to operate
feed mills, saws, corn
shellers and other equip-
ment. No idle seasons for
the "Jeep"—you use it every
day, all year.

Timmons Ends 20 Years of AAA Service

J. T. Timmons, guiding genius of the Tidewater Automobile Association for 18 years, on March 1 celebrated his twentieth year of service to organized motoring.

On that same date in 1926 he entered upon the duties of travel bureau manager with

the Delaware Motor Club, at Wilmington.

Three years later he moved to the Automobile Club of Philadelphia as membership director and remained there for three years before heading South to take over the helm as managing director of the Tidewater Automobile Association on April 1, 1933.

He is a native of Berlin, Md.

COOK'S COUNCIL

By Joan Merritt
Helen Home Institute

Fun for Small Fry

With Easter crowding the early April schedule, you'll want to get started soon whipping your party into shape. If the children demand for some fun, let them give a Peter Rabbit party. It will be no trick to adapt their pet parlor names to a rabbit motif, and the table decorations and menu can be tailored to a bunny motif without a bit of effort.

Set the table with plain linen and china, and use the food as decorations. For the centerpiece bake a large cake, ice with a fluffy white frosting, and top with bits of shredded coconut colored a delicate green by the addition of a few drops of cake coloring. On approximately every serving of cake place a marshmallow bunny, made so: pinch one of a marshmallow down to a point for a face, dip a toothpick in pink cake coloring, and draw in a rabbit's features. Then cut a pair of long ears from a piece of white paper, fold them so there is a crease down the center of each ear and insert in the marshmallow head. This will make a very gay little centerpiece and the children will enjoy saving their own rabbits to take home.

For further decoration, place a mail hollow paper-maché rabbit filled with jelly beans before each child's plate, and cover the chair backs with Peter Rabbit chair covers. To make each of these covers cut out two rectangles of white crepe paper large enough, when placed together, to fit over the chair back. Next cut a pair of tall rabbit ears from stiff white paper, make a cardboard fold down the center of each ear, and pin them in place across the top of the rectangle. Sew the two pieces of paper together along the top and down each side, and sketch a rabbit's face on the back of the chair cover with colored crayon. Use crayon also to write the child's name on the bottom of the rabbit face so the slip will serve as place card and chair cover, too. With all this festivity you will want a gay menu, so we suggest the following holiday fare:

Tomato-Orange Nectar
Fluffy Egg Nests
Apple-Raisin-Carrot Salad
Easter Ice Cream Cake
Hot Chocolate

Tomato-Orange Nectar
Combine 4 parts tomato juice, 1 part orange juice. If extra nicotinic acid add lemon juice. Chill before serving.

Fluffy Egg Nests
Beat each egg yolk in shell until nearly to use, separate—eggs.

egg whites—
a teaspoon salt
Dash pepper.
Beat until stiff but not dry.
Swirl, then spread on toast.

cup butter
tablespoons prepared brown or yellow mustard.
Beat beaten egg whites on 6 slices toast. Make a hollow in center of each mound and slip egg yolk into it. Serve on nests, dividing equally.

lb. American cheese, grated.
Cook in a moderately slow oven for 20 minutes. Serve accordingly.

Apple-Raisin-Carrot Salad
cup seedless raisins
cup finely chopped raw carrots
cup finely chopped celery
cup chopped nuts
teaspoon salt
teaspoon cream pepper
cup mayonnaise.
Mix and serve on lettuce. Serves 6.

Easter Ice Cream
Beat ice cream roughly into egg whites, stirring, using a spoon. Freeze. Place the ice cream in a mold of toasted bread.

AMERICAN LEGION AUX.
Mrs. Fay Casper, Unit Rehabilitation Chairman, reports having sent an Easter remembrance to approximately 32 local veterans who are hospitalized.

MARKETING with Marjorie

When April showers come your way, do you have to leave the rain to go marketing... or have you enough staples and canned goods on hand to tide you over till the sun shines again? If you haven't, there's no time like the present for acquiring a "rainy day" shelf... and no place like the A&P for stocking it with fine foods at thrifty prices!

A TOAST TO THIS TOAST
You'll toast cinnamon toast made the way Mrs. 1/2 cup powdered sugar with 1 tsp. cinnamon, and combine with 3 tbsps. butter, creamed. Toast 4 slices of

MAVEL ENRICHED WHITE BREAD
on 1 tsp. spread mixture on either side, and cook under broiler till it bubbles. I always use A&P's

MAVEL ENRICHED WHITE BREAD because it toasts so evenly, and is guaranteed fresh by the date on the wrapper.

READ 'EM AND REAP!
In talking to the manager of my A&P the other day, I made a very interesting discovery. He told me that A&P's canned fruits and vegetables are graded according to standards set up by the Department of Agriculture. A&P BRAND is Grade A; SULTANA, Grade B; and IOWA, Grade C... and we housewives can cut our food bills by buying the grade that's best for the way we intend

to use the product. For example: I was about to buy a can of A&P BRAND peaches for a pie when the manager pointed out that IOWA peaches would be just as good for that purpose because they're equally nutritious, though not so fancy. Since then I've been reading the back panels of all labels very carefully... and profitably. I recommend that you read 'em and reap, too! You'll be surprised how much helpful information they give.

QUICK TURNOVER
Here's a turnover that's quick to click with folks who enjoy A&P's rich ANN PAGE GRAPE JAM (and who doesn't?). Sift 1 cup flour and 1/2 tsp. salt; cut in 1/2 cup shortening; add

3/4 cup grated butter and 3 to 3 tbsps. cold water. Roll out; cut into 6 to 8 1/2-inch rounds; put 1/4 tsp. ANN PAGE GRAPE JAM in center of each and fold over. Press edges with fork; prick. Bake 10 mins. in very hot oven, 500°F.

Check Each Time
It's just a simple check to make but it will tell you a lot about the condition of the individual brake cylinders if you will remember to pull back the rubber caps or boots which cover their ends. Do this whenever you have the wheels off for an inspection of the brake drums and shoes. Don't assume that you are disturbing any seal when you move these boots. They have nothing to do with preventing fluid leakage; just serving to keep dust out. When they are pulled back, however, you can easily detect any tendency toward leakage which may be just starting.

Too Much Flexing
When a friend of mine checked over the flexible fuel line between the main line and the pump he felt satisfied there was no leakage because he failed to find any evidence of dripping gasoline. He did not know that a leak here may cause loss of vacuum, the pump, failing to draw the correct amount of fuel at times when the engine's needs are greatest. More mechanics are coming to suspect this hose when the engine starts to cut capers. The hosing is a hard work because it must withstand

constant flexing as the engine rocks in its base. Naturally this strain is greater when the hosing is old because then the engine's movements are loose and rocking is increased.

Classified Ads Bring Results From where I sit ... by Joe Marsh A Great Bunch - Those Ex-G.I.'s

Willie Wells and a bunch of the boys from our town went to Pound Ridge Saturday to a reunion of their old regiment. There were about two hundred and fifty boys who came from miles around to a good old feast in Farmer Collins' barn. I expect they seemed a lot different to each other out of uniform. But they had a great time, spinning yarns, drinking beer, and talking over the old times in South Africa and Italy as the Aleutians.

For the Chrion, and one thing that more impressed me was the good behavior of these boys - their preference for a moderate beverage like beer - their friendly spirit. From where I sit, our ex-G.I.'s are making as good a showing in peacetime as they made during the war. And they're setting a mighty good example to the rest of us - in tolerance, and moderation, and good fellowship.

Jefferson Hotel To Be Managed By Charles P. Gay, Jr.

The new Jefferson Hotel, nearing completion on 19th and Atlantic Avenue, will be managed by Charles P. Gay, Jr.

The modern 74 room hotel constructed and owned by the Baydush Corp. of Norfolk, will be opened shortly after the first of May, and for the summer months will be operated on the American Plan, according to information received from Mr. Gay, who was at this week making final arrangements for the opening.

Complete Air Conditioning

The building will be completely air conditioned, each room to have private bath, radio and circulating ice water. The spacious lobby and dining room to be modern in every detail.

Mr. Gay said that there will be a Roof Garden where guests will be served refreshments and enjoy sun bathing.

After the first of May the new manager plans to be at the hotel to interview prospective employees.

Former Beach Operator

Mr. Gay has had four years experience in hotel operation. For two years he was assistant manager of the Pinewood Hotel at Virginia Beach. For the past year he has been associated with the Ambassador Hotel in Washington and prior to coming to Virginia Beach he was with the Statler in Washington. He is a member of the Virginia Beach Lions Club and the American Legion Post 113 at the Beach. Mr. Gay is well known in business and social circles at Virginia Beach.

Legion Auxiliary To Send Delegates To Convention

Mrs. H. C. Meyer, Mrs. Pierre Croonenbergs and Mrs. Walton Holland were appointed delegates to the 2nd district convention of the American Legion Auxiliary at a meeting at the USO Club Mon. April 21. The meeting will be held in May at the Nansmond Hotel, Ocean View. Mrs. W. C. Davis, Mrs. B. W. Wroten and Mrs. Richard Etheridge were appointed alternates.

Reports were given by Mrs. R. H. Harrison, Child Welfare chairman, of the Pan-American program which was given at the meeting. A social period followed the business session.

Mrs. Atkinson Funeral Today

Private funeral services for Mrs. Dorothy Herring Atkinson, 38, of Virginia Beach, whose body was washed ashore Sunday at Arundel-on-the-Bay, Md., will be conducted at the grave in Forest Lawn Cemetery this morning. The Rev. C. W. Carnan, Jr., rector of Galilee Episcopal Church will officiate.

Mrs. Atkinson had been missing since January 11 when she was seen to board a Bay Line steamer in Norfolk to go to Baltimore. It was estimated that her body had been in the water about three months when it was discovered in Maryland.

In addition to her husband, Mr. Frank Atkinson, she is survived by a daughter, Grace Dowell Atkinson and a son, John Thornton Atkinson both of Virginia Beach her parents, W. E. and Mrs. Sarah Whitehurst Herring, of Pentress; two sisters, Mrs. E. C. Wooten, of Norfolk, and Mrs. J. V. McCutchan, of Long View, Wash., and a brother, R. E. Herring, of Pentress.

Classified Pages Included In New Phone Directory

The 1947 edition of the Chesapeake and Potomac Telephone Co. directory here, to be published in June, will contain for the first time a classified section listing businesses according to their types and purposes. W. W. Stroud, Manager of the Virginia Beach Office announced today.

"We are doing this," said Mr. Stroud, "because we feel that Virginia Beach has grown to the point where a classified directory will be of service to its permanent as well as its summer residents."

The classified section will be printed on yellow paper and placed in the back of the directory, following the alphabetical section which will be printed on white paper. This section will carry the listings of business firms in this section in alphabetical order under the proper heading of each general type of business.

A All business firms will be contacted by representatives of the telephone company in order to determine the type of listing that each prefers.

"In an initial survey made recently by the Beach Telephone System," Mr. Stroud said, "it was found that ninety percent of the people who used a telephone directory, referred to the yellow pages when looking for business listings."

The closing date for business listings in the classified section has been set at May 16th, with projected publication to take place in June.

Red Cross Acts To Aid Families

Miss Pearl Duty, Executive Secretary, announced that the American Red Cross will assist families in preparing documents for the return of American war dead from overseas cemeteries. This service is provided at the request of the War Department. She has been supplied with information to help next of kin in completing the forms, the first 20,000 of which were sent by the War Department in March. Relatives are urged not to make inquiries of the War and Navy Departments prior to receiving the initial inquiry letter and forms from Washington. It may be several months or more before these forms are received as the project is expected to take at least two years. For this information you may contact the local Chapter, 14th and Atlantic Avenue, or call 938.

LONG RETURNS TO CLUB

The membership committee of the Cavalier Beach and Cabana Club has issued invitations for membership for the summer season. The club will open on May 15.

To date there has been no complete schedule of the orchestras to be presented at the Club this year. However, a few of the bands to be expected will include Joe Sudy, who played at the Cavalier Club for several weeks last summer; Johnny Long and Dean Hudson.

Captain Hinkamp Elected Head Of Humane Ass'n

Captain C. N. Hinkamp, U. S. Navy, retired, has been elected president of the Princess Anne Humane Association, succeeding Mrs. B. Lee Page, who submitted her resignation at a committee of the board of directors of the organization in the showroom of the Hot Motor Company, Virginia Beach Tuesday night.

Mrs. Page, one of the founders of the group, served as president through out the fund raising campaign which was instituted soon after the organization was formed. A goal of \$5,000 was established for the drive, with funds to be used to provide an animal shelter and a humane officer for the county. The goal was exceeded in the recently closed campaign.

Mrs. Page stated that she was forced to submit her resignation as president because of ill health. "My best wishes will always be with the Association and I shall follow its progress with interest, feeling sure that the work will go forward in the same splendid spirit with which it has been carried on so far," she said.

Other officers elected included Mrs. W. S. Wilder, vice-president; H. A. Holt, Jr., secretary; and George T. Mullen, treasurer. An executive committee composed of Mr. and Mrs. Page, G. T. Willis, Cecil Mearns, Edwin Blumenthal and R. L. Simpson also was elected.

Oceana P. T. A. To Hold Dance For Orchestra Benefit

The orchestra committee of the Oceana P. T. A. is sponsoring a Costume Dance which will be held on Saturday, April 26 from 8:30 to 12:00 in the gymnasium of the Oceana School.

Mrs. I. McClelland and Mrs. W. C. Johnson are co-chairmen of the orchestra committee. Mrs. Elmer Meeks is in charge of the sale of tickets.

All profits received from this dance will be used to buy new uniforms for the members of the Oceana Orchestra.

LONG RETURNS TO CLUB

The membership committee of the Cavalier Beach and Cabana Club has issued invitations for membership for the summer season. The club will open on May 15.

To date there has been no complete schedule of the orchestras to be presented at the Club this year. However, a few of the bands to be expected will include Joe Sudy, who played at the Cavalier Club for several weeks last summer; Johnny Long and Dean Hudson.

Oil Men To Meet In Portsmouth Today

Princess Anne County oil men have been invited to a District Meeting of the Virginia Petroleum Industries Committee to be held at Portsmouth on April 25. The Virginia P. I. C. is an organization in which membership is open to all oil men of the state. It was formed by oil men to protect their highway user customers against an unfair industry from inequitable taxation and discriminatory regulation.

At the meeting, Mr. E. A. Kyn, executive secretary of the state group, pointed out that because they derive their living from road travel, all oil men are vitally interested in roads and road policies. Mr. Kyn stated that, as part of the meeting program, the oil men would view a slide film entitled "What Does the Virginia Petroleum Industries Committee Mean To You?"

Among those invited to attend are the following officers of the Princess Anne County Committee: C. W. Kornegay, Chairman; H. W. Brown, Vice-Chairman; James Barton, Secretary; Arthur Jordan, Chairman Public Relations Committee; F. W. Kellam, Chairman Legislative Committee; C. W. Wade, Chairman Local Affairs Committee.

'Commerce' Open House Draws Big Crowd Monday

Several hundred persons braved the extremely inclement weather to offer congratulations and good wishes to officials of the Virginia Beach Office of the National Bank of Commerce, at the formal opening and open house Monday, April 21, 1947, in the new bank building on Atlantic Avenue.

In a setting of many floral offerings from well-wishers and with a background of music furnished by a string trio, residents of Norfolk, Princess Anne County & Virginia Beach and the officers and board members from the Norfolk Bank were greeted by Mr. Clairborne Bryant, manager and Mr. Albert C. Roper, assistant manager and other employees of the local branch of the bank. Refreshments were served during the evening.

Open For Business Tuesday

Following the "open house" on Monday evening the new bank building was open for business on Tuesday morning and will continue to operate at its new location. Staff members who assist Mr. Bryant in the operation of the Virginia Beach Branch are:

Lewis E. Smith, Edward R. Ambrose, H. Hardy Cole, Jr., William E. Dodson, III, Agnes deWitt, Melissa Hilliard, Phyllis Holt, Hazel Davis, Mildred Mariette, Edmond Morgan is the janitor for the building.

Among the officers from the National Bank of Commerce in Norfolk who attended the Housewarming were president Alfriend A. W. Brock, C. Whitehurst, O. T. Amerson, Mr. Etheridge, Cost-by Moore, E. P. Mangum, Sam Northern and their wives and Mr. Abner Pope, President of the Seaboard Citizens Bank.

The interior decorations in the main lobby, directors room and powder room were in the hands of a committee of officer's wives from the Main office in Norfolk, headed by Mrs. Sam Northern.

NEW DRAINS

Surface drains are being installed along Atlantic Avenue from Fourteenth Street to Tenth Street, preparatory to the project of widening the avenue.

Clyde P. Nicholson, Town Engineer, said this week that the widening project will be extended to Rudee Inlet. The work is expected to be complete before the first of June.

Shean Issues Bulletin To Better Businessmen

Frank D. Shean, president of the Better Business Association of Virginia Beach and Princess Anne County, has inaugurated a service to all its members in the nature of a monthly bulletin to be published in the office of the secretary. Each edition will contain such information as will be helpful to members of the Association and Mr. Shean urges all members to contribute articles & letters which they consider worthy of publication. All such letters will appear under the head of "Monthly Mail Pouch," and must be signed by the author.

South Beach Civic League Adopts Constitution

The South Virginia Beach Civic League met its irregular monthly session at the W. T. Cooke school on Monday April 21. Due to the absence of the president, The Rev. Forrester, Mrs. J. W. Bright, vice-president, presided.

Each article of the new constitution was discussed and voted on separately and adopted. Due to lack of time the By-Laws were tabled for discussion at the May meeting.

To Attend Meeting

Mr. Edward Reedy and C. M. Driskill were appointed to represent the League at a meeting on April 29 at the Town Hall when representatives from all civic and church groups will meet to formulate plans for an intensive "Clean-up" program which will be a permanent endeavor to beautify Virginia Beach.

Joint Meeting To Be Held By Legion And Auxiliary

The American Legion Post 113 and its Auxiliary Unit held a joint meeting Thursday, April 17 at 8 p.m. in the USO building. New members of the Auxiliary were initiated at a candlelight ceremony in the presence of a large number of members.

Mr. Fred Martin of Norfolk, Past Department Child Welfare Chairman was guest speaker. Mr. Martin gave a constructive talk on child welfare, with information as to methods of applying for assistance and that help had not been confined to the children of veterans. He also spoke on the origin of the American Legion explaining that its aims and purposes were so clearly defined in the Preamble that it had not been changed since it had been hastily put together by the original group of members in Paris, France in 1920.

COUNTY REAL ESTATE REVIEW By E. P. Crockett, Jr.

It wouldn't do for us to try to report all of the new houses that are being built at Virginia Beach because it seems that a couple of new jobs get started every day. You will note in this issue that several new permits have been granted for North End construction, besides several lots being transferred, most likely for building purposes.

Oceana Gardens, Inc., to Princess Anne Homes Corp., lots 1 through 10, being the whole of Block 6, Oceana Gardens; Tax \$10.00.

Barrett & Hilt to H. E. Haggard, Jr., lot 11, Block 20, Section D, 11th Street, West of Boulevard; Tax \$1.08.

M. Facchini and wife to R. V. Caulfield, lots 44, 45 and 49, Flat of Shore Realty Co., 112 1/2 Street, West of Boulevard; Tax \$1.00.

Glenwood J. Smith and wife to J. Earnest Fentress and wife, one acre, more or less in Alanton; Tax \$5.25.

Paul A. Kotarides and others to Frank L. Darnay and others, lots 11 and 12, Block 102, Lick the west side of Arctic Avenue.

Contents of West Bulletin
The contents of the first bulletin include an estimate of the tourist spending in Virginia for 1947, which, Mr. Shean said, should be a guide as to what this tourist economy may expect for the coming season. He was PROUD of the appearance and a good stock of merchandise for better business in 1947.

Second on the list is FAIR TRADING through the individual "policing" by members.

"BAGGIES," what they can do and the necessity of all members being ever conscious of the "racket picture," is elaborated on in the bulletin.

Mr. Shean proposes to inaugurate a WANT AD SERVICE of the members of the association feel that it would be beneficial.

The secretary is the contact man of the Association. Problems and desires should be brought to him for consideration by the officers and directors.

BUY LIGHTLY ADVERTISING: We quote Mr. Shean's valuation on the last two items for thought and consideration.

"During the coming months we will likely be beset by a host of individuals representing themselves as experts in the field of advertising. Within the last week we have had several such persons call at the office for the purpose of obtaining the blessings of the Better Business Association. They are armed with all types of magazines, booklets, clippings, etc., to convince you of the merits of their scheme. These individuals are ill-powered salesmen and they do not hesitate to employ every known device to sell you. We urge you to be 'INVENTIVE' before you 'INVEST'. Call your Better Business Association before falling a prey to the fraudulent tactics of these who can tell you how to 'get rich quick'."

"Yes, it seems the customer is back to buying, and of all things, making the price before making a purchase. It also seems that as merchants are again greeting the prospective customer with a 'good morning' and what can I do for you? Then we find ourselves saying, 'Oh, I almost forgot to show you this, as you know we haven't had such in the store for years.' Then the customer says the price is too high, that he cannot afford it at the time. 'That makes no difference,' you say, 'we will be glad to charge it on lay-by or easy for you.'"

Pre-war, post-war or whatever you wish to call it, we are beginning to learn again the art of selling, and it is well that we all remember that the customer will no longer tolerate your merchandise and service, and above all, he is demanding, and rightfully so, a friendly smile, tolerance and courtesy."

"THE VOICE of a majority, saying the course of government does not insure good government except it be the voice of a well informed and well intentioned people."

COMING DOWN

Prices are still out of balance—especially food, clothing and other necessities of life. But these prices are coming down. Why? The cause there has been a widespread buyers strike during the past few weeks. That is why merchants and storekeepers are advertising lower prices. Their drops in prices have started lots of "readjustments".

There has been full employment for more than a year and that increased consumer demand. People spent more of what they earned as shown by the fact that the rate of savings declined sharply from a peak of 38.9 billion in 1944. But borrowing is still running at \$60 million a month.

The merchants of the United States know what's happening—they aren't slashing prices in all parts of the Nation just for fun.

A STUDY OF QUAKER RELIEF WORK

Finland is the brightest spot on the European horizon. It proclaimed its independence as a Republic at the very beginning of World War I. The Red Russians invaded the country in the Spring of 1918 and little Finland drove them back across the borders. The Germans also tried, unsuccessfully, to destroy the government of Finland.

The history of Finland is a clean record of social, economic and political progress through all the years, including 1917 to 1938—so says the U. S. Treasurer.

Just off the press, by David Hinshaw entitled "An Experiment in Friendship," tells how Finland was the first country in Europe to grant the vote to women, as well as fundamental civil rights including freedom of speech in assembly, freedom of faith, freedom of the press. Finland is the brightest spot on the European horizon.

"An Experiment in Friendship" is a study of Quaker Relief Work with an introduction by that great and revered Quaker leader, Dr. Rufus M. Jones, who founded the American Friends Service Committee in 1917. To many of us Rufus M. Jones is regarded a

grand leader among Quakers. In mid-summer of 1944, David Hinshaw, well known author of that masterful story of the life of William Allen White, went to Finland to inspect the work of the American Friend Service Committee and note the Committee's and Finland's needs. He gathered his data and prepared the manuscript for the book without cost

AMERICA'S GREAT PIPE DREAMER

It certainly is humiliating to the American people to discover a former Vice President and member of the President's Cabinet making anti-American speeches in Europe. But Henry Wallace never was a quack, and that fact was apparent in Washington a long, long time ago. He's the same old pipe dreamer who killed millions of little pigs.

Wallace won't do much damage in repeating his unreasonable views and idle opinions. Unfortunately, he attacks the motives and integrity of better Americans than himself.

to the Friends Committee. On top of all that the publisher, G. P. Putnam's Sons is contributing all profits from the book's sale to the Finland division of the Service Committee. There is, nowhere else such a contribution in the way of a report by author and publisher as this study of Quaker Relief Work. The book itself is a gem—no one would expect less than that from the way it has reached the public through the voluntary effort of those masters in the American Friends Service, Dr. Rufus M. Jones, David Hinshaw and the publishing house of Putnam.

Methodists Break Ground For New Sunday School

In fitting ceremonies members of the Virginia Beach Methodist Church broke the ground, Sunday for the erection of a new Sunday School annex. The wing which will cost approximately \$25,000 will be located on the rear of the present structure.

Those taking part in the simple ceremonies were G. C. Mansson who broke the ground marking the spot, the Rev. Robert E. Forrest, pastor, C. A. Forsberg, Jr., H. W. Austin, Col. Aubrey Holmes Harold Kellam, L. C. Mallory, Alton Carswell, Ernest Allen and Don Towhee.

LINING UP WITH PROPHETS

An ancient Bard told us that: "It is always darkest just before dawn." In this present century another wise person confidently asserted that things were getting better and better "every day, and in every way." Such "words of wisdom" can "never die."

From where I sit ... by Joe Marsh

"As Homelike As a Barn"

Cy Hartman finally got his new barn painted, but plenty of folks had a hand in it. Whenever someone got a free day, or a little extra time, they'd come over and help out with paint and brush.

And Cy, to show his appreciation, held a big "barn warming" Saturday—for all the folks who'd helped him (but not barring those who couldn't). Ma Hartman supplied sandwiches, and Cy rolled out a mellow keg of beer.

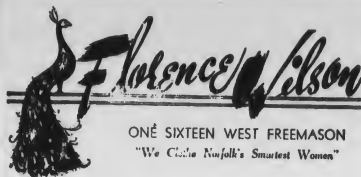

You'd never think of a barn as "homelike." But with those lanterns

hanging from the rafters; make-shift tables spread heavy with food; and Ed Curry's fiddle playing while the folks enjoyed their beer—Cy's barn was sure a mighty homelike-looking place!

From where I sit, it's just about as appropriate to have a barn warming as a housewarming... if only because it's another chance to get neighbors together in a spirit of good fellowship.

SIZE is secondary

When someone proposes to name us Executor, the size of the estate is not our major interest.

We look, rather, for situations that need us . . . where we have opportunity and freedom to render valuable service . . . for harmony of aims.

For we have found that, with the right planning, it is often possible to stretch a modest estate far, in terms of human living and family security.

We value such opportunities more than mere "dollar volume."

As Plain as . . .

A N honest look at the record of taxes paid by the railroads makes it "as plain as ABC" that the rail carriers are the red-headed stepchild of the transportation business.

B ECAUSE: The railroads build and maintain their roadways out of their own pockets. They pay taxes on those roadways — real taxes that help to pay the cost of operation of the public schools, local, state and federal governments. The railroads get no outside help — and ask none. Not so with their competitors. Carriers of the highways, airways and waterways operate and earn their profits on ways built and maintained largely by public funds — local, state and federal taxes, including railroad taxes.

C ONSTANTLY striving to be better citizens in the communities they serve, the railroads and their tax dollars are certainly doing their full share toward the support of better schools and better governments. But the plain fact is this: ALL forms of transportation should pay their own way, as the railroads do — or ALL should be helped by the taxpayers' money. That is the only way to have a square deal for all transportation agencies, and all of the taxpayers.

During the year 1946, the Norfolk and Western Railway paid \$5,730,000 in taxes to states and communities it serves, and \$19,336,000 to the federal government — a total of \$25,066,000, which represents \$1.166 for each employee of the railroad.

REGULATION:

TO REQUIRE THE TAGGING OF BEAR, DEER OR ELK

Pursuant to a proposal authorized by the Commission March 14, 1947, and published as required by law, the following regulation was adopted at a meeting of this Commission at Richmond, Virginia, April 11, 1947:

Any person killing a bear, deer or elk in any county shall immediately have attached thereto an official big game tag. This tag shall show the name and address of the hunter, number of hunting license and other information that the Commission may prescribe. The Commission shall furnish such official big game tags which shall be attached and checked at authorized checking stations or by representatives of the Commission. No person shall destroy the identity of any big game unless and until tagged and checked as herein provided. Any big game not tagged as herein provided found in the possession of any person shall be forfeited to the commonwealth to be disposed of as provided by law.

This regulation shall become effective June 1, 1947.

By order of the Commission of Game and Inland Fisheries.

A motorist was 100 yards away from an open railroad crossing, proceeding at 50 miles per hour. A train, coming down the track at 60 miles an hour was 375 feet from the crossing. Problem: Did the motorist get across?

Solution: Yes, the motorist got a cross, a beautiful marble cross purchased by his widow from his insurance payments.
